The Students

of

Juniata College

Huntingdon, Penna.

Presenting-

A pictorial review whose worth
is for you to determine.
If good, in gladness we offer its
numerous phases for safekeeping.
If bad, in humility we but offer
it for remembrance of significant
happenings of the year at Juniata.

Within these pages . . .

May you notice the sparks
Which highlighted the year at Juniata.
Recall the great enrollment, the
swarm of veterans to classrooms,
the new campus buildings,
the new campus organizations,
the new life spiritually, mentally,
socially and physically.

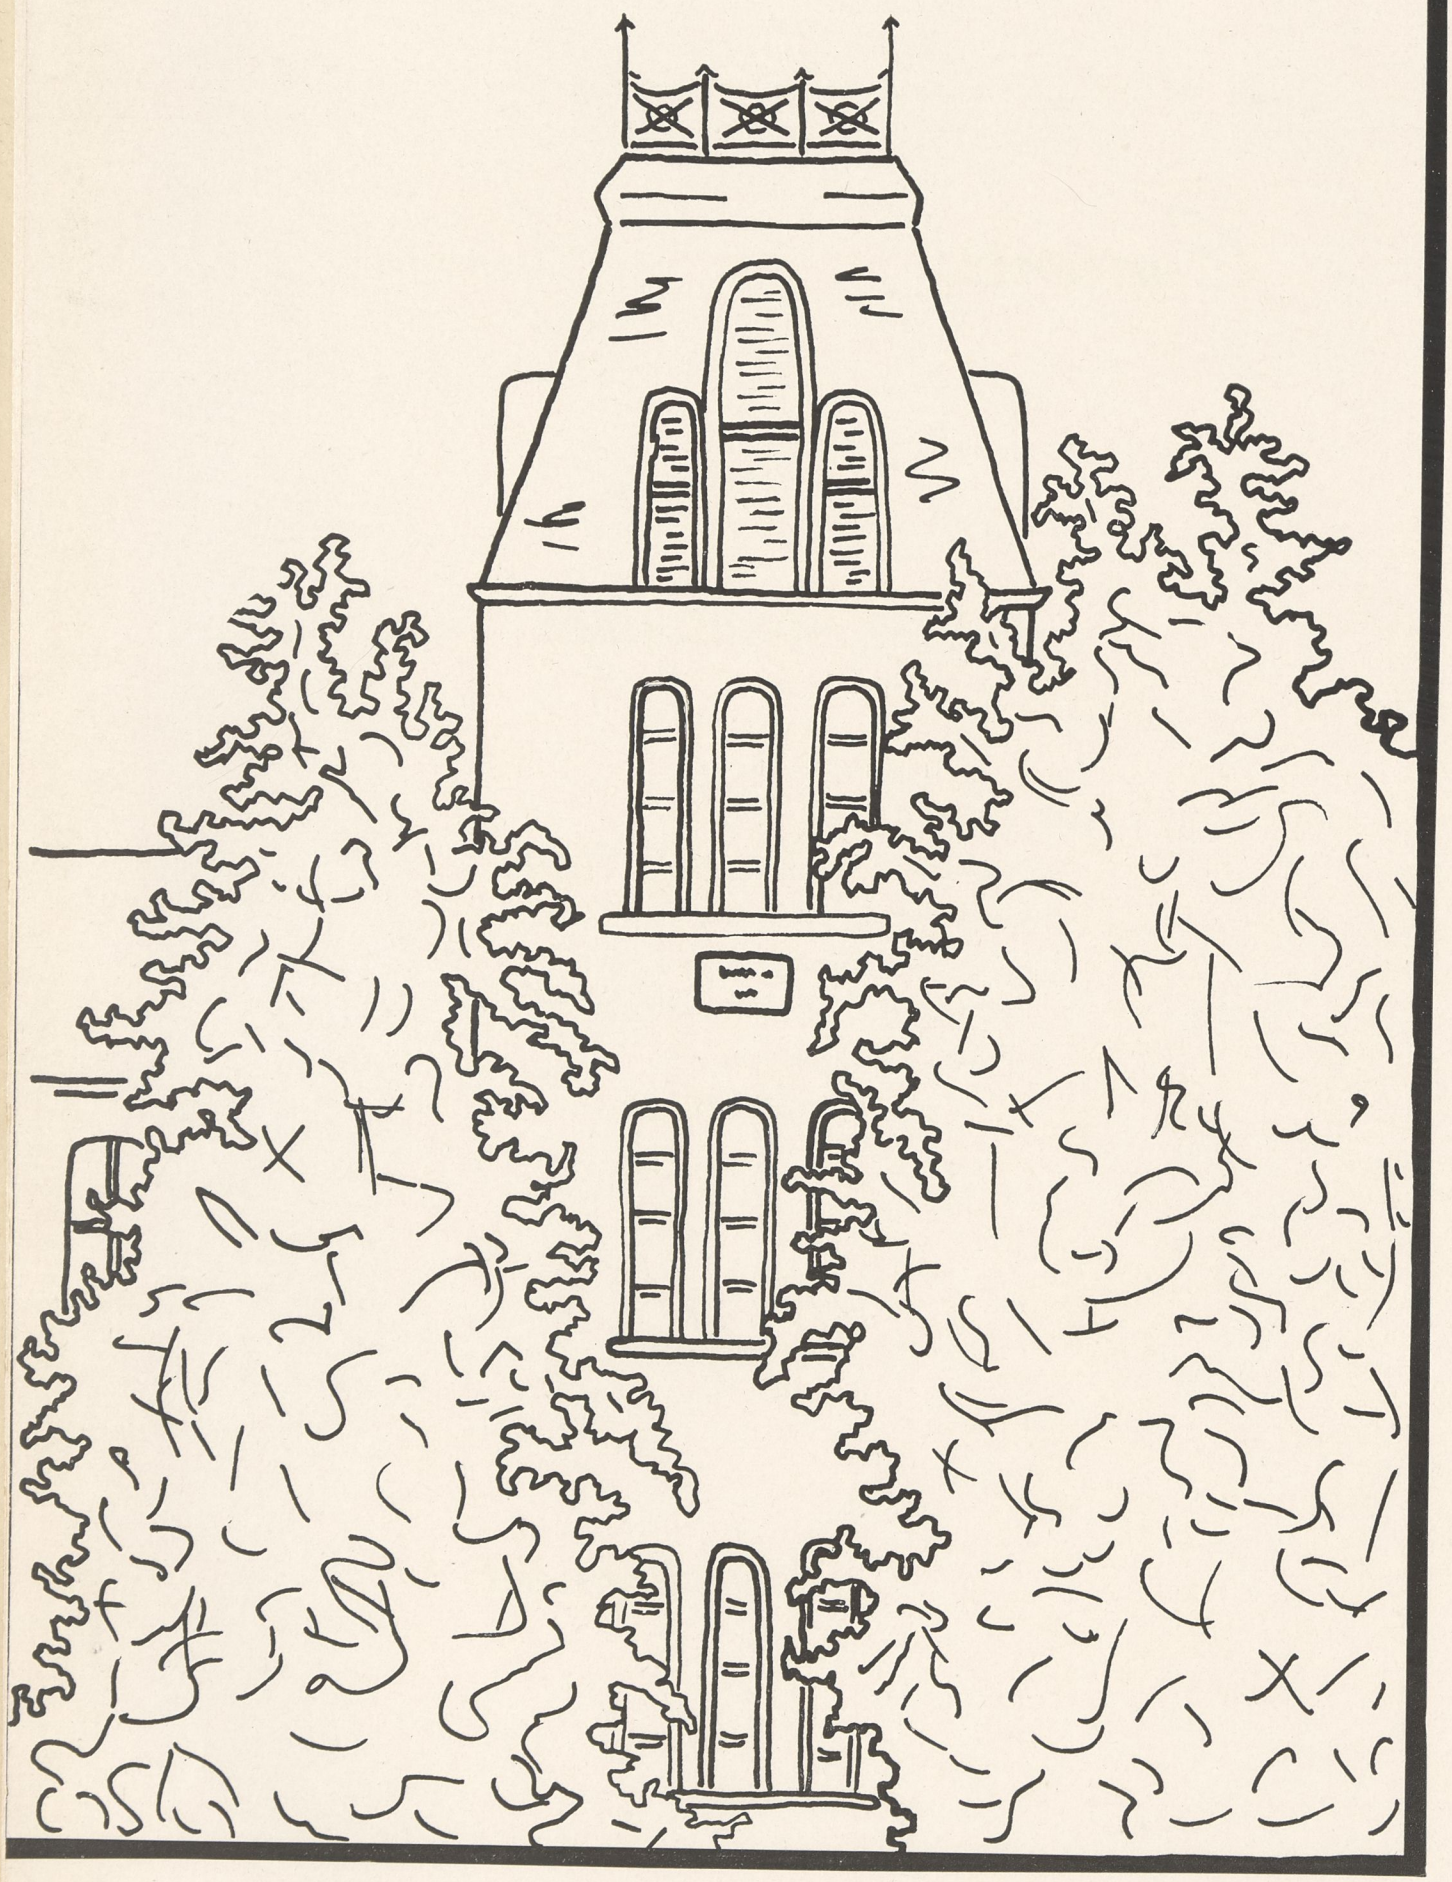
The Year

Advertisements

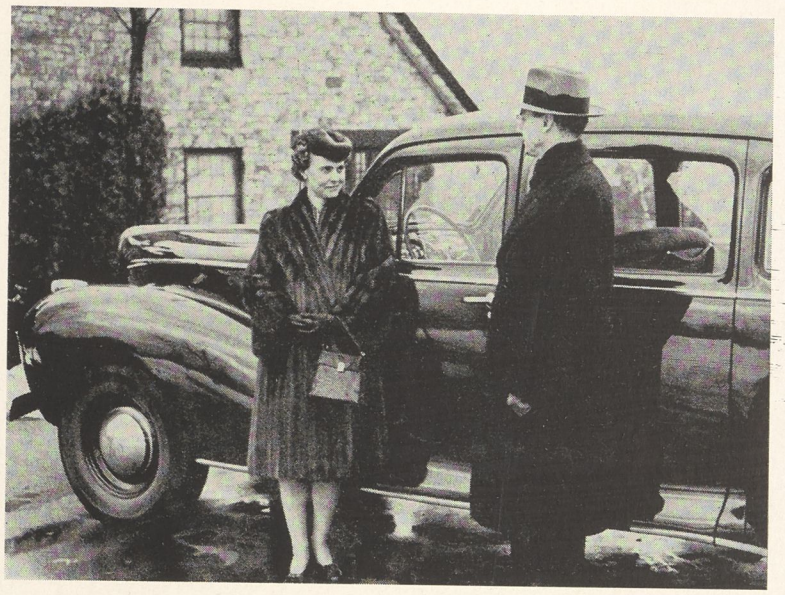


The College . . .

Exists not as a group of buildings
but rather as a group of persons
actively pursuing knowledge of the truth.
As you view the faculty and students of 1947,
may you be reminded of the happy
associations of the year.

CALVERT N. ELLIS

President of the College



President and Mrs. Ellis

This is the record of the first complete college year since the armed forces were demobilized. It has been a very fortunate year for all of us. Although Juniata has the largest enrollment in her history, the trustees wisely limited the student group in relation to our facilities. We have been fortunate in the completion of the residence facilities by the Federal Housing Authority and the classroom building by the Federal Works Agency. Our class schedules have not been seriously disrupted and our laboratories have operated on a normal schedule. The student group has been serious in its purpose and the faculty unselfish in their devotion.

We owe a debt of appreciation to the editors and staff of this ALFARATA for the service they have given in the preparation of this volume.

CALVERT N. ELLIS

DEAN OF MEN

The publishing of the Year Book indicates that we are rapidly approaching the end of another college year. Some of you students are completing your last year of college while for many of you this has been your first year. This year should have meant the broadening of your horizons, an increase of mental power, the acquisition of knowledge, and all of these should do their part in helping you to better realize your ambition, and of helping to make this world a better place in which to live.

In later life the events of our earlier years will be reviewed and remembered more or less clearly, depending on the impression they made upon us or the material aids we have in bringing those events back into our conscious thinking.

The editors of this book have endeavored to give you a written picture of the events of the present school year. As you read it in the years to come, we hope that it will be the means of recalling one of the happiest and best years of your life. We also hope that it will bring to you sympathetic thoughts for those who will then be spending their days on College Hill.

J. Clyde Stayer,
Dean of Men

DEAN OF WOMEN

One cannot think back over the events of the year without realizing that many of the responsibilities of student government went to returning veterans. This is indeed a happy thought because it proves the interest of the veterans in civil life. To be sure many new men who had not been brought up in the Juniata College tradition felt the lack of the accustomed U.S.O. programs to entertain them, but as time went on, they began to see the value of participation in the college social program.

The increased enrollment brought several difficulties for the year. Housing facilities were at a minimum in September but with the government projects completed, the situation was adjusted. The project for an expanded social program with new facilities is now in progress as well as the project of a new government classroom building.

The Senate needs to be congratulated upon its unselfish efforts to steer the multifarious problems to acceptable solutions. The coöperation of the President and trustees made the efforts of the Senate realized.

Juniata has always given the student a greater emphasis on his spiritual life than many colleges do. Since the war, the lack of spiritual emphasis has been felt elsewhere but Juniata may well be proud of the fact that she has never lost sight of its importance.

Best wishes to the graduating classes of 1947. You have been a grand group with which to work.

EDITH L. SPENCER
Dean of Women

FACULTY

The war years caused a heavy drain on the faculty as well as on the students, and it became apparent at an early date that the college would have to reach out for instructors if the 1946–1947 school year were to be a year of smooth-running instruction. As a result, fifteen new faculty members joined the staff at the beginning of the Fall Term.

The Department of Business Administration, which had suffered during the war years for lack of men students, now found it necessary to expand its facilities with the influx of veterans. Howard Wilson came from Chicago as Instructor in Economics, and with Mr. Robert Miller, of Villa Park, Illinois, also an Instructor in Economics, formed the new nucleus of our department here. In January, Mr. Wilson resigned to accept a managing position in the Institute of Economics in Chicago. Mr. Herbert Miller of Huntingdon was appointed to fill the vacancy.

In the foreign language departments, there were also some additions. Mr. Clemens was on leave of absence to complete his study for the degree of Doctor of Philosophy at the University of Pennsyl-

vania; and his place was filled by Miss Elizabeth Shaffer from Shanksville, a Juniata graduate of the class of 1946. Mr. Charles Grimminger, formerly a teacher in the Altoona schools, became Instructor in German.

The resignation last August of Dr. Kenneth Smoke, Professor of Psychology, made it necessary, too, to find a new teacher in this department. Dr. Earl Seibert, a graduate of Elizabethtown College, was elected to fill the vacancy as Assistant Professor of Psychology. To fill the vacancy in the Department of Sociology, Dr. Tobias Henry resigned as pastor of the Stone Church to become Assistant Professor of Sociology. The Rev. Wilbur Neff resigned his pastorate of the Church of the Brethren in Pittsburgh to take the post of Assistant Professor of Biblical Studies and Philosophy.

In the Department of Education, Miss Katherine Hobbie of Lewiston, N. Y., served as instructor in the elementary field until the middle of the year, when she resigned to take up new duties at the State Teachers College in Oswego, N. Y. Miss Jane Miller, a Juniata graduate of the class of 1938, returned to the campus as instructor in home economics, taking over the courses in textiles and cloth-

ing. Miss Mabel Black joined the staff as Instructor in English.

The Chemistry Department was enlarged by the addition of a new Instructor, Dr. Raymond Davis, formerly of the Mellon Institute of Technology. Dr. Norman J. Brumbaugh was granted a well-earned leave of absence for the second semester. The Public Relations Office enlarged its staff by the addition of Mr. William Engel in the position of Director of Publicity. Among his many duties has been that of organizing the radio programs from the college which began with the opening of the new Huntingdon broadcasting station in March.

The sports program, too, was greatly enlarged to meet the great increase in enrollment. The coaching staff was increased by the appointment of Mr. Fred Bayer of Huntingdon as line coach. And Mr. William Smaltz, a graduate of Penn State joined the Department of Physical Education to assist Mike Snider in coaching the college teams. In the Spring Term, Smaltz took over from Dr. Kiracofe the job of coaching the baseball team.

Miss Lillian Evans, recently returned from leave of absence in California, assumed her former duties as head of the library staff, and Miss Lois Williams returned to the campus to take up her duties as In-

structor in Classical Languages, having completed the work for her doctorate at Johns Hopkins University.

As another result of the increased enrollment, more help was needed in the administrative offices. Miss Marjorie Johnston joined the staff as Assistant to the Registrar, and Mrs. Wendell McMillan and Mrs. Charles Anderson were appointed to the secretarial staff to assist her. Mrs. William Hambleton was named secretary in the Public Relations Office, and Miss Hilda Nathan, Secretary to the Treasurer.

And yet, with the arrival of so many new instructors on our campus, we would not forget those who have served in past years. To all members of the faculty, old and new alike, we would offer our sincere thanks for their kind and helpful assistance, and the willing sacrifice of time and energy which they contributed both in the classroom and in outside activities to make this school year one of the most successful and enjoyable of all.

Perhaps one of the most outstanding examples of their ungrudging sacrifice of time purely for student enjoyment was the faculty party in February, which was the high light of party activity for the year. And we hereby give our thanks to all of those who made this party an important and enjoyable event.

Eager for college and the opportunity for knowledge that it affords, sixty students entered in January. No longer are we able to say that college is conducted in the traditional two semester manner. Now we must have commencement exercises three times a year with the same number of times for students to assume college life.

Many of the entrees were veterans or former students who anxiously resumed their places in the campus government and phases of life. The new students soon became acclimated to the routine of life and accepted positions of responsibility in the social events of the semester as well as the academic fields.

The new enrollment brought with it the need for more classroom facilities. The college was able to purchase a government classroom building and so the speedy work of the construction company found the building ready for use following spring vacation.

FRESHMAN

The class which entered Juniata College in the fall of 1946 greatly exceeded the size of its predecessors. With the armed services no longer drawing on its number, the stream of high school graduates assumed normal proportions, and with the returning veterans, nearly doubled the freshman classes of the war years. "Juniata for her men" again became a reality as the male population of the campus expanded until the Cloister could no longer contain it, and Sherwood Lodge, the Village, and private homes throughout Huntingdon were enlisted to house the overflow.

During their first week at Juniata the Freshmen were introduced to each other through the Freshman Mixer. Tests, tours, teas, and integration courses popped up in quick succession and soon enveloped them in college life. Dinks, *Scouts*, knee socks, and signs blossomed everywhere, and the Freshman Court laid down the law. As usual, the Sophomore girls made sure that their "frosh" sisters received a proper initiation, but the Sophomore men were less successful, owing to the belligerent behavior of the legions of Freshman fellows.

The class was well organized from the beginning, Sam Woodring, the temporary president, issuing battle orders through the *Juniatian*. In December the class elected officers: President—Eugene Roddy, Vice-President—Julius Long, Secretary—Catherine Long, and Treasurer—Robert Charles.

First Row, left to right: Kathryn Beaver, Gladys Clemens, Miriam Bair, Patricia Beale, Joyce Clapper, Janet Baughman, Thelma Bratton, Thelma Alley, Ferdose Chase, Joanne Bell.

Organizations . . .

Build friendship and fellowship;
create interests and stimulate growth.
Our college education lies in more than
books and classroom instruction; it
is built also from our pleasant participation
in school activities.

Organizations

STUDENT GOVERNMENT

Those who rule

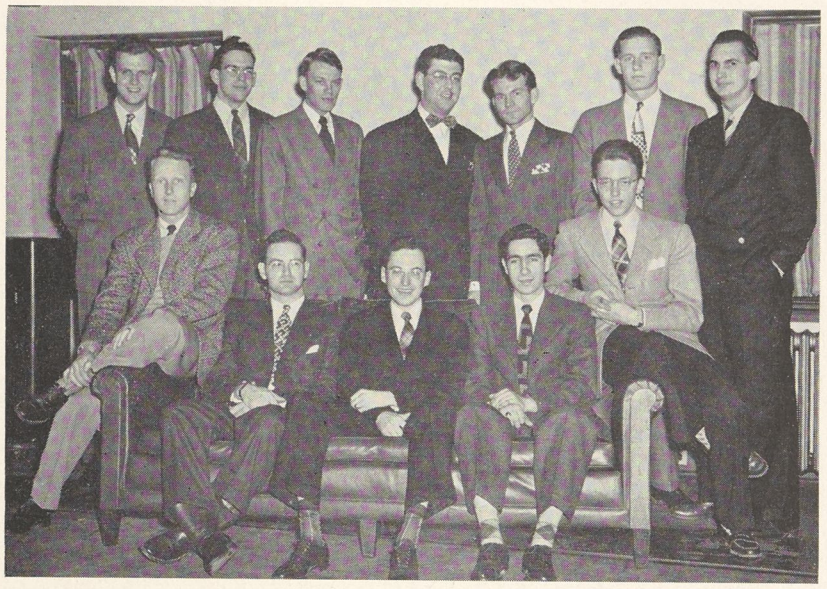
The privilege to choose representatives for campus government is a cherished power which the students enjoy yearly as they assemble to elect twelve "Senators" to guide them in student activities, two committees to act as hall counsellors in the women's and men's dormitories, and a joint committee of Junior–Senior women and men to guide the new Freshman students. These student-represented committees, well-advised by ably trained faculty, form the nucleus for the fine democratic system of government being enforced now on the campus by the student leaders.

For twelve years the Juniata College Senate has performed the main tasks of campus government. Each spring twelve students are chosen by popular vote to administer the campus life of the students. Three faculty members, the two deans and a representative chosen by the elected Senate, are also members of the group to bind the student-faculty relations more closely and to offer wise counsel to the students in their administration of activities.

Every Friday night the "Senators" meet to discuss campus affairs with the aim of making improvements and to create an awareness on the part of the faculty and the administration to the problems in student life.

This year the greatest over-all improvement was in the realm of special activities. Under the capable direction of Ralph Harrity, Senate Chairman of Social Activities, the Social Committee provided the entertainments for the Saturday nights on campus. Class parties, club parties, and square dances gave the students many pleasant memories of Juniata Saturday night affairs.

Other items of business directed by the Student Senate this year included the installation of another drinking fountain in the Women's Dormitory, minor improvements in Students Hall, social room "sings" every Saturday night, and appointment of a Student Library Committee.



They read the Riot Act

The women and men resident students have a close relation to other governing bodies—the House Committees. The chairmen of these distinctive groups are Senate representatives and are thus able to present the problems of dorm life to the campus government for proper analysis. The House Committees grew out of a need for an intermediary to act between the Institutional Manager, the deans, and the students. The members of these committees are appointed by the chairmen and are responsible for providing the best possible living and studying conditions in the halls for the resident students.

Under the able leadership of House Chairman Grace Landis, the Women's House Committee has greatly enhanced the development of social "niceties" and fineries of feminine personality in the students of Founders, Brumbaugh, and Oneida Halls. The students have enjoyed the right to meet in discussion groups directed by authorities on etiquette to learn some of the proper methods of carrying out formal affairs as well as some of the every day duties.

Too, the women students performed the annual Fire-Lighting Ceremony to light the first log in the social rooms fireplace in October. The Women's

To insure domestic tranquility

The iron rod for Freshmen

Dormitories were the centers of life on Parents Day and Homecoming when visitors viewed the rooms and offered prizes to the cleverest decorations for college rooms. Christmas spirit was enlarged through the efforts of the women students when they shared in the decorating of the social rooms and the dining hall for the week prior to vacation. Spring activities were not forgotten by the women as they joined in the activities of examination time to provide afternoon "refreshing pauses to the examinees."

The activity of the Men's House Committee expanded this year with the completion of the new dormitory, Sherwood Lodge. Donald Miller, Chairman of Men's House on the Senate, appointed an able committee to assist him in securing the best of possible housing facilities for the male population.

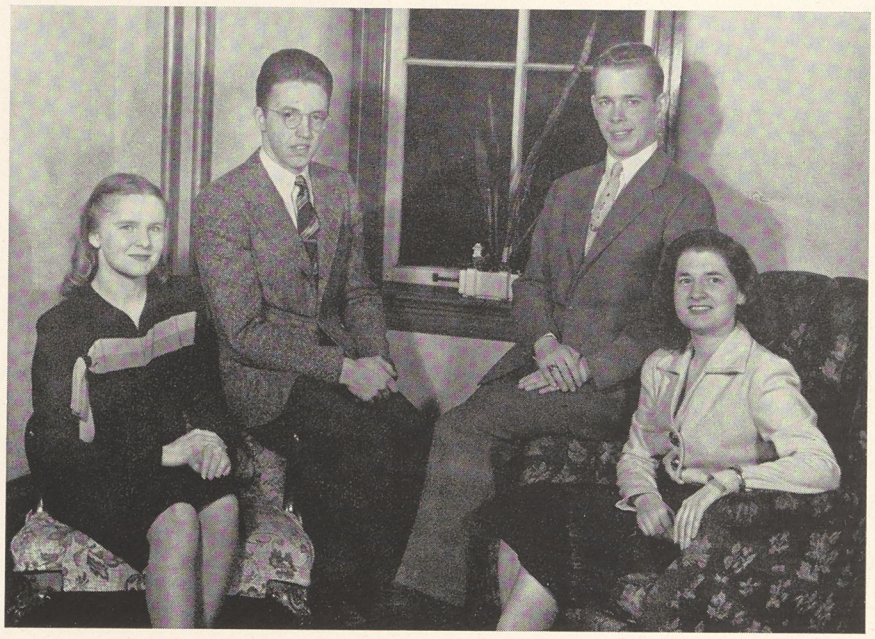
The Men's House Committee aided the Women's House Committee in securing several leading magazines and the daily newspaper for the College Social Rooms. The men also undertook the task of renovating the "Y" Clubroom in the basement of Cloisters in order to provide a recreation room for the students.

The Freshman Committee, or Court as it is sometimes called, is one of the major governing bodies in the student governing program. Its responsibilities include greeting freshmen as they arrive on "College Hill" and guiding their activities until Move-Up Day. Under the leadership of Jane Reidenbaugh, Chairman of Freshmen on the Senate, the committee carried on the routine activities of enforcing freshmen regulation such as the use of the front steps and the diagonal, and of scheduling flag duty, desk duty, and press club duty.

The committee, 8 Seniors and 6 Juniors, met in the spring of 1946 with representatives of the veterans then on campus, to discuss freshman regulations. At this time it was decided to change the regulation green felt dink to a blue crew hat. Other regulations were also modified.

During Freshman Week in the fall a meeting was held at which the members of the committee were introduced to the Freshman Class. Regular tribunals were subsequently held on Tuesday evenings to judge infractions of regulations and to give help to the freshmen in their orientation to college life.

HONOR SOCIETY



Brains—and all the other impossible qualities

Established in 1941, the JUNIATA COLLEGE HONOR SOCIETY exists for those students who have attained high scholastic achievement, and who because of their moral integrity and broad cultural interests have made outstanding contributions to campus life. The members for this Society are chosen by a committee composed of the President of the College, two faculty members, and the two officers of the Society. Those selected for membership must be members of the junior or senior class. The students are inducted into the Society on Move-Up Day and attend an informal dinner in the College dining hall that evening.

Unlike other campus organizations the club holds but one regular meeting each year. This consists of a formal banquet in the spring when new officers are chosen. This year Cornelius Strittmatter and Arvilla Knuth served as president and secretary.

Because Juniata is not affiliated with any national association of high scholastic achievement, the students are appreciative of this special recognition. The members strive by individual action to promote higher standards of scholarship among the student body.

PUBLICATIONS

Interest in journalism is fostered on the campus through the four publications which are issued periodically throughout the college year. The Senate Chairman of Publications serves on the Faculty Publication Committee to aid in the administration of the ALFARATA, JUNIATIAN, SCOUT, and INDIAN.

Each spring the editor-in-chief of the college annual, THE ALFARATA, is chosen so that work on the annual may be carried throughout the coming school year.

Representing a pictorial memory of the college year, THE ALFARATA serves to keep the events of college ever before the students. This year THE ALFARATA lacks a specific theme but proceeds to give the history of Juniata during the 1946–47 term through pictures of the students, faculty, clubs, and highlight events of the year.

New developments are exemplified in this year's publication of THE ALFARATA. Not only is the major work connected with the printing and engraving being assumed by new establishments but also the majority of pictures used for the engravings was taken by the Campus Camera Club. The book is also slightly larger in comparison with last year's.

THE JUNIATIAN, the college weekly newspaper, reviews the current happenings on College Hill. Printed every Friday, the four-page paper gives the students, faculty, and alumni the interesting details of events, sports, clubs, classes, etc.

The students gain new experience while working on the weekly editions of THE JUNIATIAN. Not only are the reporters busy with stories and headlines for the paper but they also work with the organizing of the copy and type at the Lesher Printing Company.

This year produced a new regulation in regard to the freshman handbook, THE SCOUT. Ordinarily the handbook is issued only to newcomers to College Hill. The Senate authorized the printing of THE SCOUT for all students and faculty this year since there were so many enrolled for the term and so many changes in time and place of activities for the year.

Being a guide to Juniata College and the city of Huntingdon as well, the Frosh handbook contains the important facts of Juniata. It strives to acquaint new students with the history, traditions, songs and yells of the college and also reviews the constitution of the Senate, the campus activities, etc.

A revival of football on Juniata's campus this year brought with it a revival of the printing of THE INDIAN. For each home game, a publication was issued giving a review of the competing teams and writeups of the coaches. THE INDIAN is a treasure reminding the Juniatians of the memorable football games of their college year.

College life is more interesting not only because the student is acquainted with new knowledge in his scholastic endeavors but also because the student is permitted to engage in such extra-curricular activities as the organizing and editing of campus publications.

The 1947 ALFARATA marks a truly important year in the history of Juniata. Featuring the events of the first really postwar college year, the publication serves to remind the students of the spectacular happenings of the year.

Bound in a copper-colored leather, with the official seal of the college featured in the upper right-hand corner, the 1947 ALFARATA makes a classical appearance.

The picturesque line drawings of familiar campus buildings present an artistic and striking feature of the book.

THE COLLEGE section attempts to show every member of the record-breaking enrollment of 1947. The faculty members are presented in individualized pictures; this is a formation which has not been used since 1943.

The outstanding section of the book is THE YEAR. Reviewing the memorable events of the college life of 1946–47, the student finds snapshots showing the unforgettable phases of college life.

Without the final section devoted to the advertisers the production of the annual would not be a possibility. To all of them we are deeply grateful.

This year's JUNIATIAN, edited by the Chairman of Publications, Betty White, offered several noteworthy improvements to its reading public.

Disbanding the traditional policy of having the first page consist of highlight news stories with the second being features, the third, sports, and the fourth, reviews of outstanding past events, the editing staff produced a vitalized paper varying the articles on every page. The paper this year was characterized by a different style of type, new headline policies, and a greater variety of pictures.

Attempting to operate the publishing of the paper under a duo-team of reporters, the managing staff permitted one team to fulfill all the duties connected with the production of the paper one week and then the other team worked the following week. This system stimulated interest among the reporters and enabled them to gain more knowledge about the publication of a college weekly.

During the first semester Jean Saulsbury served as Managing Editor but had her position temporarily filled by Jack Buckle during the second semester while she did practice teaching in Altoona. The total number of members on the staff for the year was 12. Many other students served as typists and reporters for the staff.

Theirs is the task of publishing the "Juniatian"

RELIGIOUS ORGANIZATIONS

Spiritual Leaders

"In her religious life, Juniata feels it a mark of the highest culture to show reverence in thought and conduct in sacred places, times, and services."

Not only do the students of Juniata attend chapel and church services regularly, but also they enjoy spiritual development through several campus organizations.

A fellowship for pre-ministerial students, the Ministerium serves to broaden understanding among theologians of various denominations and strengthen their individual conceptions of the nature of worship. Through the combined efforts of advisor Professor Wilbur Neff, each member, and outside speakers who were invited occasionally to participate in the fellowship, the Ministerium has undergone a year of valuable development. The increased population of men students played a prime role in the revival of pre-war activity through increased membership and the stronghold demanded of theology in its effort to withstand differing philosophies and attitudes toward life.

The Ministerium met monthly, often in private homes, as invitations from advisors and students made possible such convenience. Two outstanding meetings of the year were the entertainment of President and Mrs. Ellis at their home in Taylor Highlands, and the outing held at the home of Mr. Donald Holsopple, a student of the College and member of the Ministerium.

In accordance with traditional activity, the Ministerium again this year sponsored the "jail programs," a series of worship services conducted every Wednesday evening in the Huntingdon County Jail. By coupling, from the membership list, ministers having charge of each service, every student was afforded the opportunity of taking part in the project several times throughout the year.

Unlike previous years, the Ministerium entered into competitive sports with representation in the intra-mural league for football, basketball, and baseball. The need for wholesome sportsmanship was expertly sufficed with the attitude of playing for the fun of playing, characteristic of the pre-ministerial participants. At the end of football season last fall, the Ministerium held fourth place in the league with a balanced score of five victories and five defeats.

Robert Mock presided at the meetings of the Ministerium and Edwin Crist served as the secretary-treasurer.

The Volunteers share Christian fellowship in their twice-weekly devotional meetings planned and conducted by the students. The programs are varied by

Willing to serve

occasional outside speakers, hymn sings, and special musical numbers.

In keeping with their desire to serve Christ and His church, the Volunteers sent out several deputation groups to hold meetings in the churches which had invited them to come. Different members of each group read the Scripture, offered prayer, and delivered the message. Pauline Beaver was the deputation chairman.

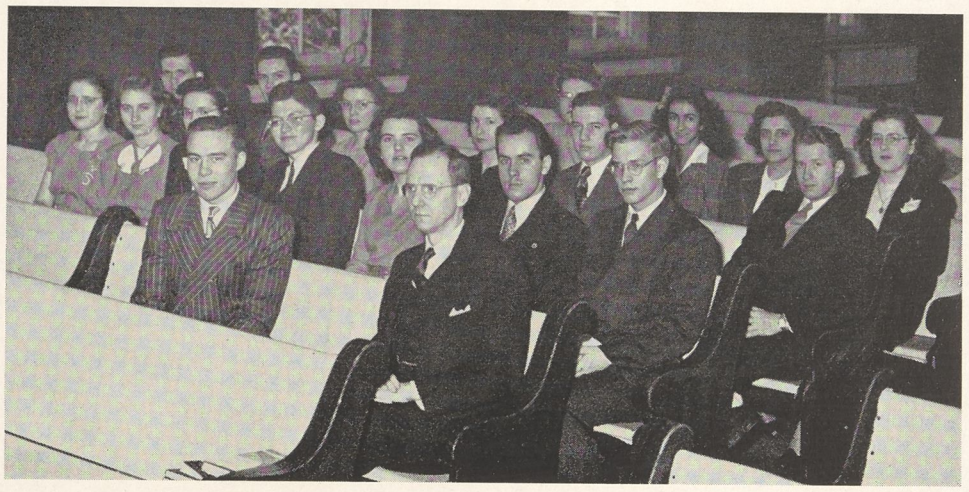
Members of Volunteers also held weekly prayer meetings in both the men's and women's dormitories, and a prayer group met every morning after breakfast in Founder's Chapel to start the day in communion with God. The new hymnal, Hymnal for Youth, which has become a part of every meeting has added interest to Volunteers. The officers were: President, Charles Pickell; Vice-President, Paul Kleffel; Secretary-Treasurer, Mary Bemus; Chorister, Philip Holsinger; Pianist, Mary Louise Griffith.

Maranatha, which meets to engage in the study of God's Holy Word, takes Christ's great commission, "Go ye into all the world and preach the Gospel to every creature," as its theme. A different member of the group leads every week, expanding the lesson and encouraging discussion. This year a guide to Old Testament history, "Highlights of Scripture," has been used with the Bible to co-ordinate the study and suggest problems and questions.

The Inter-Varsity Christian Fellowship with which Maranatha has been affiliated sent one of its leaders, Miss Pauline Barkoff, who was an inspiration to the group through the challenge to Christian service and the call to arms for Christ which she gave. Mr. George Landis gave a series of Bible lessons.

This year the Club joined old ties as it sent Christmas greetings and messages to some of the alumni and former students who had been members of the organization at Juniata. Hymn sings were held occasionally as informal gatherings for fun and refreshments in Christian fellowship. Maranatha is also in charge of sending deputation groups to the Blair Memorial Hospital to cheer the patients with

To know more fully God's Word



The President's Bible Class

hymns and Scripture. Beth Wenzel was the deputation leader.

Grace Landis presided at Maranatha meetings. Pauline Beaver served as pianist while Esther Whitney was the secretary-treasurer.

Each Sunday morning finds a group of students filling Founders Chapel to study the International Sunday School Lesson under the guidance of President Ellis. This morning devotion is one of the most stimulating of campus life. The students enjoy fellowship and communion with God through song and prayer as well as through the studying of His Word in the morning lesson.

Occasionally guest speakers are invited to lead the group in the discussions. One of the oldest spiritual organizations on campus, the President's Bible Class, remains one of the strongest.

One of the most active and influential organizations is the Young Women's Christian Association. The purpose of this group is to provide a well-rounded program of Christian influence and to establish and maintain a high standard of Christian living among the students. The Juniata YWCA strives to fulfill the purposes of the national and international YWCA. The earliest event sponsored by this group was the Big-Little Sister party in September. Later meetings included panel discussions, worship services, and interesting talks by leading YWCA workers in the state. The traditional YWCA activities—the Christmas Bazaar, baskets for the needy of Huntingdon, clothing drive, Sunday visits to the hospital, Heart Sister Week, and the banquet in April—added pleasant memories to the college year for the girls.

They guide the YWCA

Last April when officers were chosen Charlotte Stutzman was selected as president, Mary Louise Bumpus as vice-president, Frances Newcomer as secretary, and Pauline Hoke as treasurer. In January Charlotte left Juniata to secure a position with the Brethren Publishing House in Elgin, Illinois and Mary Louise Bumpus went to Hanover to do student teaching so Beth Wenzel served as president. Other girls proved valuable in planning the YWCA programs by working with the officers as a guidance cabinet.

MUSICAL ORGANIZATIONS

The A Cappella Choir, directed by Professor Charles Rowland, began its fifteenth season of concert work this year. Its first concert of the year was given in Oller Hall on Sunday afternoon, January 19.

In keeping with its usual custom the choir sang several traditional numbers in its concert. The processional, "Fairest Lord Jesus," the invocation, "Cast Thy Burden Upon the Lord," and the benediction, "The Lord Bless You and Keep You," have always been selections used. This year the program also included "The Lord's Prayer," "Thine is the Greatness," "Christ of the Fields and Flowers," "Wade in the Water," and "Go Down, Moses." "The Creation" was one of the outstanding selections of the program.

During the week between semesters the choir toured the western part of the state, going as far as Pittsburgh. The extreme cold weather of the week prevented large audiences at the concerts but the students appeared at Everett, Somerset, New Paris, Myersdale, Brotherton, Uniontown, Greensburg, and Pittsburgh. A radio broadcast at Greensburg was the highlight of the trip. During the second semester the group took week-end trips to Tyrone and neighboring churches, and then down to Hagerstown, stopping at several places on the trip.

One of the unforgettable moments of the A Cappella Choirists was the broadcast on the first day on the air of Huntingdon's Radio Station, WHUN.

During Commencement Week-end the choir, supported by the chapel choir and the former students who were choir members, rendered Handel's "Messiah."

A new organization on Juniata's campus this year was the Organ Guild. Composed of students taking lessons at the console, the club functioned as an instructive and entertaining group.

The meetings were held "around the console" where the members studied the different parts of the instrument and attempted to work out new arrangements of familiar songs. Throughout the year they visited different churches to play the organs and learn the merits of each one. Professor Johnson, the

Vim, vigor and voice

club advisor, arranged chapel programs for the students and also had concerts for the student body.

Donald Miller was dean of the organization. Lois Tromm was sub-dean while Ruth Rittenhouse and Arent Heil served as secretary and treasurer.

This year saw the start of a new choir on the college campus. Formerly the A Cappella Choir provided the spirited singing at the chapel services in Oller Hall. Because of the increased enrollment this season, Professor Johnson organized a Chapel Choir of twenty-six members who are not singers in the A Cappella Choir.

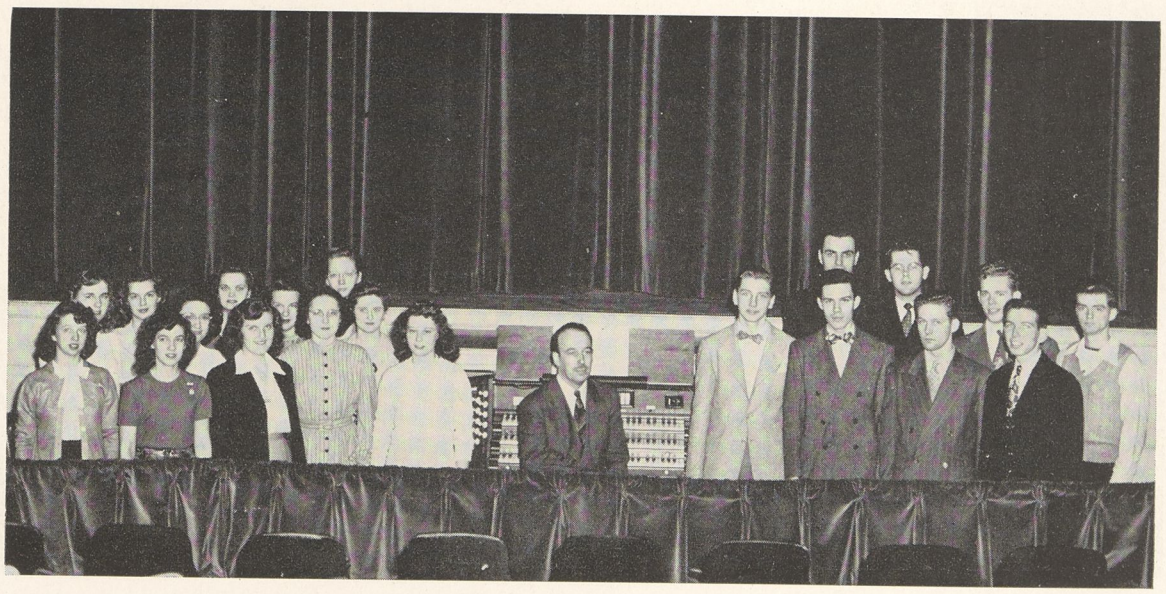
In addition to providing the music for the Monday, Wednesday, and Friday devotions, the Chapel Choir arranged a secular program which was presented to various town audiences and as part of the faculty party in the spring term. Too, the group worked with the Masque at Christmastime to present the "Pageant of the Holy Nativity."

At the console

As you heard the familiar strains of "Washington Post," and the marked beat of the drum, you were aware that the Juniata Band was on the march again; either practicing for a coming football game or approaching the stadium in the event of a game. Led by five snappy drum majorettes who presented a striking appearance, it was on hand for all the home football games, displaying various marching drills during the halves. One disadvantage, however, was the fact that no uniforms were available after the disastrous fire at "1630," but plans were made to order new ones.

After a lapse of several years, the band is once more resuming its former status in the realm of activities on

Chapel hymn or musical comedy—they take it in stride



"Eine Kleine Nachtmusik"

campus. Under the direction of Mr. Scholl, the band provided a stimulus particularly for athletic events and pep rallies. In addition to that it also played Tschaikowsky's "Nutcracker Suite" for May Day. This is the first year in which the band has functioned normally since 1940, and it has shown its versatility by playing such marches as "Stars and Stripes Forever" and "Our Director", as well as the "Mexican Hat Dance" and a "jazz" arrangement of "When Johnny Comes Marching Home."

This was perhaps the first year in the history of Juniata College that there has been a full symphony orchestra on campus. With the increased enrollment, it was only natural that this should happen: many old members are back again, as well as some new faces who have contributed much to the organization. The first big event of the year was a concert presented prior to our Christmas vacation. The first part of the program was devoted to instrumental ensembles, while the orchestra, itself, presented compositions from the works of Morton Gould, Richard Wagner, Edward MacDowell, and Joseph Haydn. The highlight of the concert in the spring was the rendition of the "Outdoor Overture" by Aaron Copland.

Members of the orchestra profited greatly, for they became acquainted with the compositions of not only the old masters, but also contemporaries. Under the baton of Mr. Scholl it has given concerts stimulating to the student body as well as promoting a greater interest in music among the members.

Marching along . . .

LANGUAGE CLUBS

Realizing that classroom instruction cannot provide the broadest knowledge of the French and Spanish speaking nations, the linguists have found delight in ROMANCE LANGUAGE CLUBS. Meeting every month, the students have programs centering about the history, art, literature, and customs of the countries. The faculty language instructors serve as advisors in the clubs.

C'est "Le Cercle Francais" that promotes the good neighbor policy among "les etudients du francais" on campus. To better an understanding of France and its culture, those linguistic masters and other students enrolled in French classes have organized this society. Prompted by the need for a knowledge of the geography, history, social customs, and arts of the French nation, "les eleves" attempt to appreciate completely the French language by increasing that knowledge of background material.

One undertaking of particular interest was that of learning and demonstrating social games and various types of recreation characteristic of French society. Under the leadership of Miss Arvilla Knuth, Le Cercle Francais has once again had a successful year. Though its contribution to general campus activity has been small, because of its limited qualifications, the individuals participating unhesitatingly proclaim "bien"—a good year anyway.

The "Amigos" is one of the newest in the ranks of campus clubs since this is only the second year of its existence at Juniata. The members of the club are a group of second-year Spanish students who have in common an interest in the Spanish language and the Spanish speaking nations.

Through plays, songs, and conversation in Spanish they develop a fluency which could not be gained in the classroom. They find great delight in conversing with Consuelo Garcia and Thelma Quant, two Nicaraguans studying at Juniata this year. One of the advisors, Mr. Jack Oller, entertained the group with movies of a trip to Mexico.

Miss Margaret McCrimmon and Miss Elizabeth Shaffer are two faculty advisors who assist in the programs of the club. Gloria Rung served as president with Iris Coffman and Geraldine High as vice-president and secretary respectively.

Le Cercle Francais

¿Habla el español?

DRAMATICS

The dramatic association of the campus, The Masque, had a most successful year under the sponsorship of Miss Esther Doyle and the officership of Robert Myers, president; William Fegan, vice-president; Jane Reidenbaugh, secretary; and Eugene Ankeny, treasurer.

The most outstanding work of the club was the direction of the two productions, KIND LADY and AS YOU LIKE IT. The first play, a psychological melodrama by Edward Chodorov, was the story of the exploitation of a kind old lady by a gang of robbers. It differed greatly from either production of the previous year. In contrast to the fall production The Masque chose to do the great comedy of Shakespeare in the spring. This play was given in February and again on commencement week-end.

During the first semester Eugene Ankeny, Mary Louise Bumpus, William Fegan, Carolyn Hess, Benjamin Lavey, Frederick Layman, and Paul Yoder, Jr. became Masquers, members of the honorary dramatic society of The Masque. This distinction comes as a result of the accumulation of 100 points which are given for work in the plays presented by The Masque. In the second semester five students, Mary Phyllis Gibbs, Gloria Rung, Jane Reidenbaugh, Betty White, and Richard Christie also attained the honor of Masquers.

In addition to the major productions, The Masque met every second week to study dramatic technique or enjoy short skits produced by the members of the organization.

Several times during the year the group chartered buses to attend dramatic productions at Penn State. The play seen by the group in the spring was Moliere's "Imaginary Invalid."

On December 15, The Masque joined with the Chapel Choir in presenting the "Pageant of the Holy Nativity" in Oller Hall. The pageant consisted of two parts: the musical portion which was continuous and the pantomime which portrayed the birth of Jesus. Twenty-two had parts in the pantomime. These persons were all chosen from The Masque.

One of the memorable occasions for the Masque members this year was the radio broadcasting program. The first production to be used on the air was chosen from AS YOU LIKE IT but on several other occasions dramatic selections were given by the group.

PRE-PROFESSIONAL CLUBS

The Chemistry Club, an organization born of the ambition and initiative of former students and supported by the interest and coöperation of the present members, consisted of students interested in chemistry. They attempted to bring the problems and methods of industrial chemistry before the members of the club.

Being on an inactive basis for several years because of the war, the Chemistry Club began with a new organization in September. Under the capable leadership of William Maclay, the officers: Stanley Briggs, vice-president; and Virginia Weaver, secretary struggled to make each program alive with information and new developments for the group. Dr. Norman J. Brumbaugh, Dr. Donald Rockwell and Dr. Raymond Davis served the organization as advisors.

One of the duties of the club as outlined by the constitution was to acquaint the members with different aspects of scientific methods. Often this was accomplished by student discussions on different phases of chemistry and other times leaders of industrial research were invited to participate in the programs.

Three memorable occasions of the club were the Christmas party, the tour to Pittsburgh in the spring to visit some of the centers of industrial chemistry, and the picnic in May at a neighboring park.

The inside men

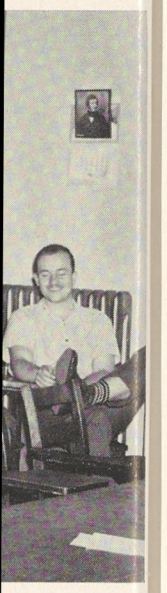
Budding chemists

When the pre-medical students organized in October, they decided to permit any student having four hours of biology and seeking to take at least eight hours more, to participate in the activities of the SCALPEL AND PROBE.

During the year the organization has gained interesting information about the latest developments in the fields of surgery and medical research. Occasionally local doctors addressed the group and at other times field trips to neighboring hospitals give the students new knowledge of medicine.

One of the first programs of the year was under the leadership of Dr. William Patterson, a local physician recently discharged from naval service. Dr. Patterson discussed medical schools, socialization of medicine, and medical aptitude tests. Two of the field trips sponsored by the SCALPEL AND PROBE took the students to the Lewistown and Altoona hospitals to observe several operations and view new medical equipment.

This year Cornelius Strittmatter served as president while Dante Restuccia and Rhoda McCord served as vice-president and secretary respectively. Dr. Homer Will and Dr. Pressley Crummy were the advisors of the organization.



Future teachers

Formed of all home economics students, the Lambda Gamma shines as one of the largest clubs on the campus. Organized according to the policy of the national home economics group, the club meets monthly to discuss the latest in the fields of clothing, foods, textiles, and home economic chemistry.

With the Faculty assistance of Miss Gertrude Butler and Miss Jane Miller, the girls under the leadership of Ruth Bennett provided a year of interesting and entertaining programs. Betty Kiracofe was the vice-president of the club while Florence Cobb served as secretary-treasurer.

Following the coöperative concerts in the fall, the girls held their traditional coffee shops in Rooms A and C of Students' Hall. This year the Juniata Lambda Gamma also published the newsletter which is distributed to all chapters of the national home economics organization.

The FUTURE TEACHERS OF AMERICA is an organization of prospective teachers banded together in order to provide a unified membership in a national and professional group and to provide social and intellectual contacts with the teaching profession at the monthly meetings. Those who belong receive the National Educational Association Journal the Pennsylvania Educational Association Journal, the Education Bulletin, and a card indicating membership in the Pennsylvania State Education Association.

The past year had many interesting programs arranged by Jack Schell, president; Mary Louise Griffith, vice-president; Alberta Glasgow, secretary; and Dr. Edgar Kiracofe, advisor. In November Mr. Everhart, the Supervising Principal of the Huntingdon High School addressed the group concerning the outlook of the teaching profession in the next few years. The Honorable Richard Simpson, a Congressional representative from Huntingdon County, gave the prospective teachers a view of the political side of teaching in January. Two representatives of the State Educational Association visited the club in March to discuss specialized education and April found the students having a dinner meeting at the Penn Koffee Shoppe with a representative of the NEA as guest.

They can cook, too!

INTERNATIONAL AFFAIRS

The International Relations Club has been quite active throughout the year. The students affiliated with the organization study much about the problems of our present day world under the presidency of Lisa Glade. The first semester found Howard Wilson serving as club advisor while Dr. Ernest Hall served for the second semester. Jack Buckle was appointed secretary-treasurer of the organization. The officers with the assistance of Otis Jefferson formulated the programs for the year.

The meetings were held every other week in the Men Day-Student's Room. The year opened with a panel discussion on "What is wrong with the American Colleges." A later meeting featured a panel discussion of the ever popular topic "The United Nations." In November the eyes of the campus were focused on the national election so the IRC attempted to analyze the election results.

Other items of interest which were brought to the attention of the student body by the international relationists were "Disarmament and the Atomic Bomb," "The Juniata College Senate," and "The Value of the Cooperatives." From time to time the club fostered current event quizzes to stimulate world thinking among the students.

Political Education Committee

This year a new group branched from the IRC to form a non-partisan Political Education Committee. Jack Buckle served as chairman of this group and had representatives from the YWCA, YMCA, and the Veterans' Club to assist in carrying forth the objectives of the organization.

The Political Education Committee attempted, at various times throughout the year to stimulate political consciousness among the students, to help students realize the duties of a good citizen, to encourage freedom of religion, speech, press, and assembly. Too, the group attempted to promote worthwhile projects at home and abroad which will aid in bringing to reality the principle of freedom from war.

One of the outstanding projects of the Student Political Educational Committee this year was the mock election held in November.

The weight of the world . . .

VETERANS' CLUB

Said the private to the general . . .

Formed a year ago, the Juniata College Veterans' Club attempted to unite the veterans of the campus socially and culturally. Organized of all the honorably discharged veterans, the members assembled each month to help those veterans who were finding it difficult to adjust to college life. The club functioned this year under the command of Percy Blough.

CAMERA CLUB

One of the newer organizations on campus is the Camera Club, which originated especially for the purpose of training amateurs in the art of photography. For those more skilled and experienced it provided an opportunity for special work for advancement since it was responsible for the photography of the Juniatian and the Alfarata. Last year a "dark room" was built and equipped by the members of the club for interested fiends. The equipment, which was either bought by the club or donated, enabled members to develop their own prints. The enlarger, a gift of Professor Jack Oller, was an incentive for further advancement. Then, too, for additional instruction they secured lectures from the Eastman Kodak Company and had them read at the meetings. In this manner they were able to get solutions for some of the problems of the photographer and new ideas. One of the main events of the year was a contest sponsored by the club to determine the most interesting pictures of campus scenes.

The advisors of the club were Professors Jack Oller and Paul Yoder, while the officers were: President, Ernest Shull; Vice-President, Paul Yoder, Jr.; Secretary, Florence Cobb; Treasurer, Beverly Warner.

Athletics

ATHLETIC ORGANIZATIONS

Athletic organizations find their place in the social life of the college just as any other of the organizations do.

The "J" Club and the Kat Klub are two campus groups whose importance is noted most during the athletic events of the year. The "J" Club is open to all men who obtain letters through participation in the major sports on campus while the Kat Klub limits its membership to those girls and fellows who lead the spectators at athletic events in lively cheers and songs.

The most talked about club on the college campus saw reorganization this year. Like the major sport, football, the "J" Club had to be discontinued during the manpower shortage on College Hill. There were only a few members on campus when reorganization began but the membership increased greatly with the lettermen of the past two years.

Following the procedure of former years, the "J" Club printed programs for the home football games. Ralph Harrity served as the editor of the "Papoose" and the "Indian."

At the first meeting the members unanimously voted to retain James Rutledge as President. Ray Clapperton was chosen as the vice-president while Ralph Harrity was selected as the secretary-trea-

Wearers of the "J"

surer. Ray Clapperton and Percy Blough are members of the initiation committee. They are responsible for admitting the new lettermen to the club.

On October 26, the gala event of social activities was held. Following the Homecoming football game, the club sponsored the ever popular "J" Club banquet. Percy Blough was the master of ceremonies while Mr. Bruce Fisher, coach of Bedford High School and former member of the "J" Club, was guest speaker.

The cheerleaders have finally gained the reputation of an official organization on the campus. Being known as the "Kat Klub" because of the initiation regulations, the loyal promoters of college spirit have proved their worth at every athletic event.

This year saw the purchase of uniforms for the members of the Kat Klub. Now the cheerleaders are attired in navy blue skirts and white sweaters having a large "J" on the front.

In the spring the Kat Klub fostered a cheer and song contest in order to gain some new pep cheers and songs.

The concession to sell candy at the athletic events enabled the cheerleaders to earn a little money. At the end of the basketball season the members held a banquet at the Penn Koffee Shop. New officers for the coming year were chosen at this time. Connie Loizeaux and Melva Fleishman served as co-captains this year.

Always ready with a yell for the warriors

FOOTBALL

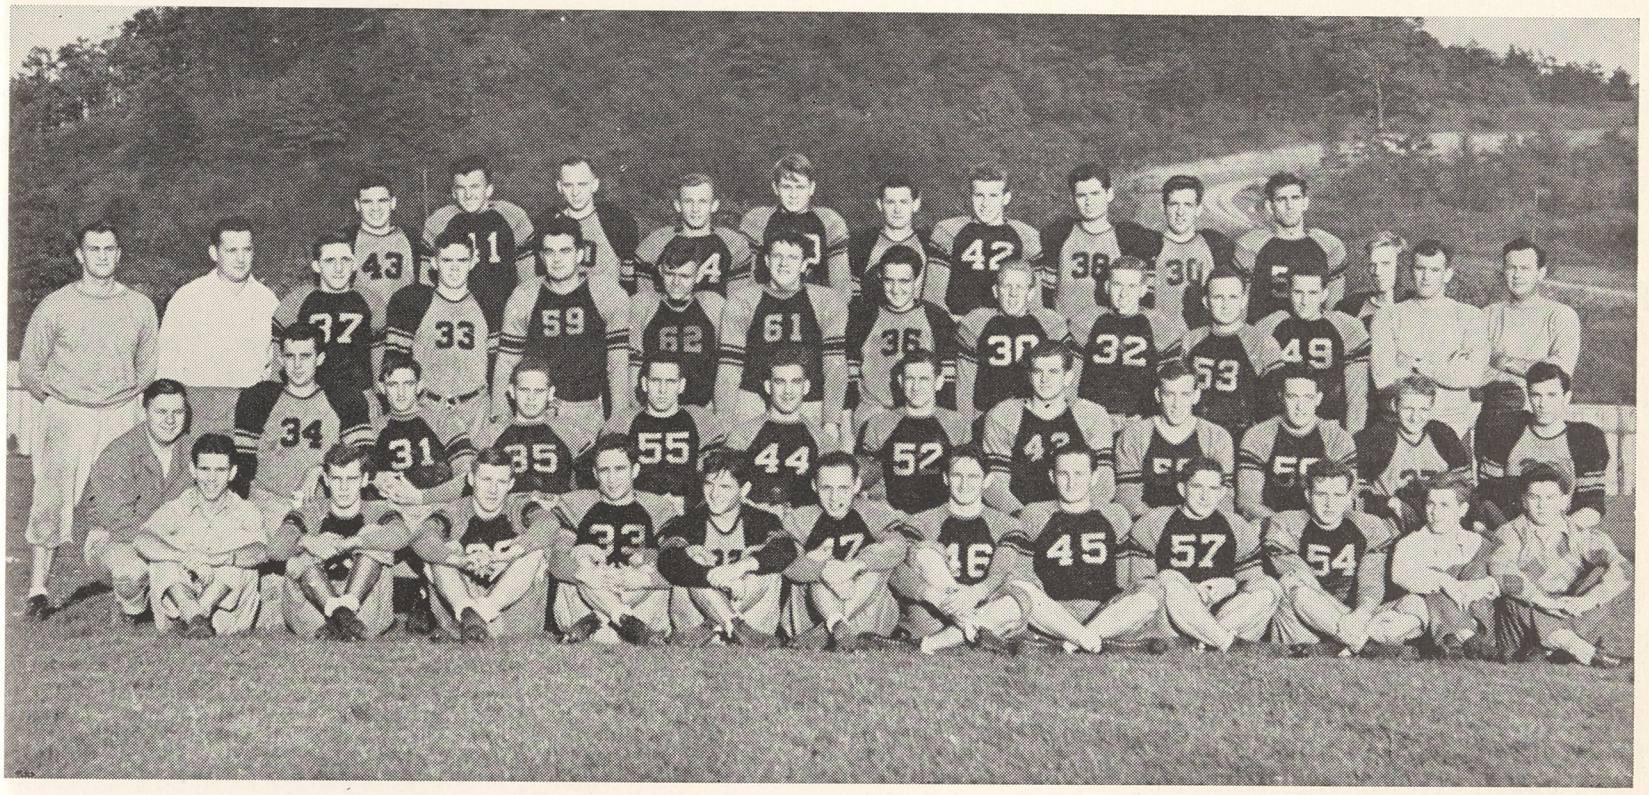
After a lapse of three years Juniata College's athletic program resumed its pre-war standards with the revival of intercollegiate football. Hard-hit because of the manpower shortage, the Blue and Gold were forced to discontinue football in 1943 but with the return of ex-servicemen to the campus, Juniata's hope for a successful season brightened. Although the Indians did not register an impressive record in the pigskin column, they have fielded a team of underclassmen which promises to be a winning combination in a year or two.

The Juniata gridders played a total of six games during the season, ending with a record of one tie and five losses.

The Indians journeyed to Farrell, Pa. on October 5 to open their 1946 football season with the Westminster Titans. Each team came on the field hoping to take the lead in their own series which stood at two wins and two losses for each team. The two teams were evenly matched and the Snidermen emerged with a 6-6 tie. It was in this game that "PAPA" Bargerstock scored Juniata's only touchdown of the year by running off tackle for a forty-yard run.

From the second game on, the weather was as consistent as the J.C. squad. Every Saturday proved the same thing—a loss and plenty of rain. Juniata played host to Albright for the first home tilt. In a hard driving rain the home team put up a good fight but emerged only with a moral victory since the safety goal scored constituted the first time the Indians had scored against the Lions. After a hectic quarter of fumbles, the Indian aggregation succumbed 19–2.

The Indians' coaching staff: "Bill" Smaltz, backfield coach; "Mike" Snider, head coach; and Fred Bayer, line coach.



First Row, left to right: Frank Bird, Ken Grote, Bernard Kyper, "Deacon" Reed, Bill Wilson, Lin Erickson, Bryan Gray, Bryce Gray, John Henderson, Jim Kauffman, Jim Brumbaugh, Bill Kitchen.

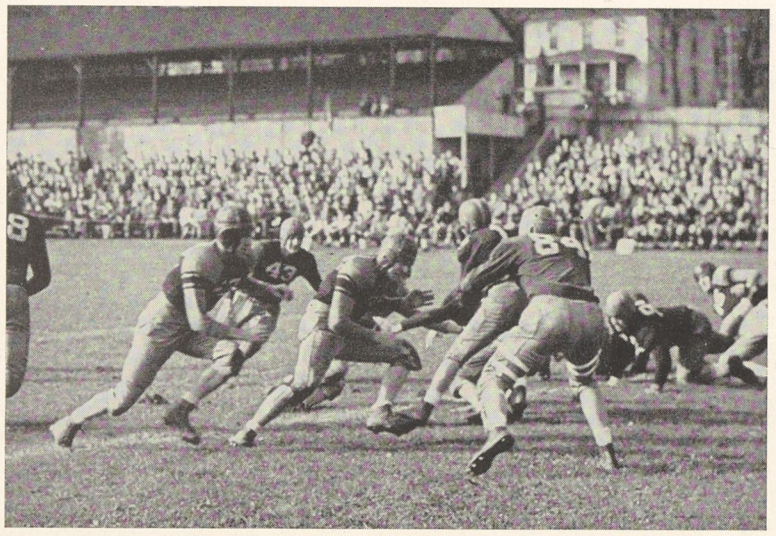
Second Row: Paul Kleffel, Bob Campbell, Bill Sherry, Ed. Wentsler, Dave Croft, Don Everhart, "Chuck" Bargerstock, Alan Fletcher, Dick Stever, Jim Ritchey, Richard Hoover, Robert Mowry.

Third Row: Asst. Coaches Bob Bayer, Bill Smaltz, John Keener, Tom Calhoun, Charles Tallinger, Bob Yoho, Charles Brown, Charles Dillen, Richard Snyder, Julius Long, Mat Hiney, Joe Mastropietro, Gib Rodli, asst. coach Fred Bayer, head coach P. M. "Mike" Snider.

Back Row: Lloyd Keafer, Jack Padgett, James Houck, George Smith, Paul Peoples, Wayne Shaulis, Eugene Roddy, Bob Mohr, Sam Woffindin.

A fleet-footed quarterback from Susquehanna made things miserable for the Indians in the third game of the season. Displaying the poorest brand of football shown anywhere, the Juniata eleven bowed to the Susquehanna team 9–0 before a large Homecoming crowd. The victors' touchdown came late in the first quarter on their only pass completion of the game. Several times the inability of the home team to keep up a sustained drive in enemy territory prevented a score. In the third quarter Grote heaved a pass to George Smith on the Susquehanna 38, who went to the 10-yard line before being brought down. The Indians failed to capitalize on this scoring opportunity and lost the ball on downs. In the last quarter Juniata took to the air in desperation but failed to mark up a score because twice they lost the ball near the goal.

Trying to make up for their loss of the previous week, Juniata went all out against an undefeated Alfred team. Outplaying the visitors from New York throughout the entire first half, the men from College Hill could do no better than a 0–0 score at halftime. However a rejuvenated Alfred team came back for the second half to run over Juniata and romp off with a 27–0 victory. The Saxon offensive was entirely on the ground, and they gained 264 yards rushing as against 18 for Juniata in the latter half of the game. After receiving a punt, it was only a



Action in the Homecoming game against Susquehanna

Above: Kehoe of Alfred makes another point after touchdown

Below: Kauffman tries a pass in the Lebanon Valley game

matter of five plays until Alfred scored 7. Then two runs by Saxons plus a drive against Juniata's men gave the Alfred team an easy victory. Nine Indians suffered injuries as a result of the tussle with the New York team.

The next week saw a battered eleven leave College Hill for Annville to give Lebanon Valley a 19–0 win. This marked the fourth straight setback of the season. There was just no stopping the Flying Dutchmen as they marched through and around the College Hill men almost at will. In comparison with the previous games, we can say that the J.C. gridders showed no signs of offense. The first quarter saw the Flying Dutchmen marching 54 yards for the first score. Then the men penetrated the line to add 6 points. The second half of the game saw the other goals count up as the Lebanon Valley men proved their superiority in blocking, running, tackling, and the all-important team spirit.

The last game of the 1946 season saw Juniata fall at the hands of the Ursinus eleven to the tune of 20–3. It was in this fray that Jim Ritchey kicked the field goal from the twelve-yard line.

The leading ground gainer for the Indians during the season was Charles Bargerstock who netted 123 yards in 29 attempts for an average of 4.2 yards per try. "Chuck" was also high scorer while Jim Ritchey took second place with the field goal.

The one big hope and dream Juniata can draw from its first post-war football season is a bigger and better one for the future.

BASKETBALL

This year's basketball edition of Juniata Indians was labeled in pre-season dope as a team that would be no pushover. It appeared taller and deeper in good reserves than in recent years. Six lettermen, including three from last year's quintet, and one each from the 1942, 1943, and 1944 squads, appeared on the scene to bolster the cage contingent.

Unfortunately, Mike Snider's gang became a hapless band of tumbling Indians losing fifteen out of seventeen games.

More than 40 men reported for early drills; 15 of these were selected for varsity and the remainder formed a junior varsity team under Coach Bill Smaltz. In addition to Captain Ray Clapperton and Ken Grote, both lettermen of last year, other familiar figures who returned after several years in service were Bob Querry, regular forward in 1942; Floyd Eisenhart, starting guard in 1943; and Jerry Rupert, center in 1944. Jack Walters, towering center, was the sixth letterman.

Two Huntingdon boys, Blair Miller and Bob Norris, displayed sufficient promise to be cast in the "starting five" role with Clapperton, Grote and Eisenhart.

In a whirlwind three-game pre-holiday series, the Indians dropped a tough game to Gettysburg, 39–38; upset Bethany Biblical Seminary of Chicago, 82–72; and lost to a powerhouse Westminster team 73–47. When Juniata topped Bethany in a scoring spree, the 154-point total set a new scoring mark for J.C. and was a district court record. The previous high for Juniata had been 137 points attained when

The varsity basketeers

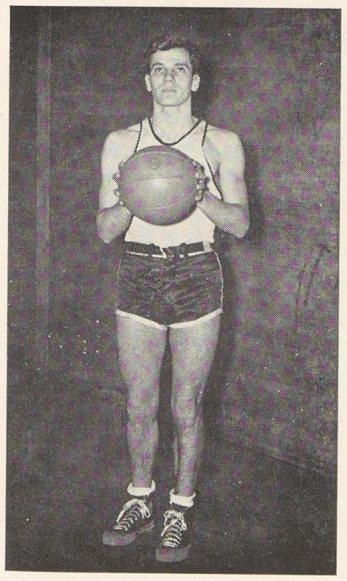
the Indians trounced St. Francis 91–46 last season.

After Christmas, the team suffered a series of stinging losses halted only by examination period late in January. Moravian and Albright rolled to impressive triumphs in league tilts of the western division of the Middle Atlantic States Conference. Moravian won 79–55 and Albright rolled to an easy 69–44 victory. It was all Franklin & Marshall in a home game as the Diplomats chalked up a 63–48 triumph.

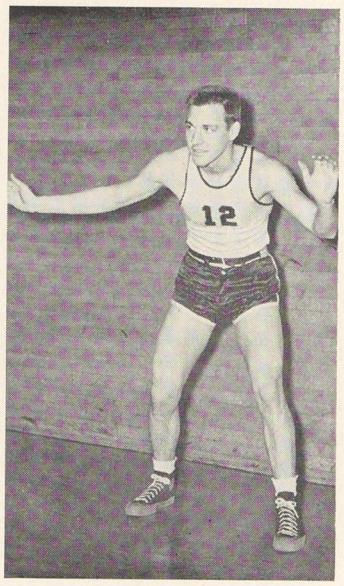
Westminster then came to Huntingdon to administer another trouncing, 50–33, in the season's biggest home game at the high school gymnasium. Minus the services of two of its star offensive players, the Towering Titans held a slim 10–9 lead the first period. The half found the Washabaugh-coached machine in front 36–12, having held the Indians to three points for the second session. By the end of the third period, the Titans held a double-lead at 42–21 and used reserves in the fourth stanza, getting only eight points to 12 for the Indians.

Snapping the six game losing streak which had plagued the Juniata Courtmen, the Snidermen fought their way to a brilliant victory over Elizabethtown College, 47–43. In racking up this win, their second in nine starts, the Indians held Elizabethtown's Frank Keath five points under his remarkable average of 22 points per game. The Indians had no easy time in copping the win. They trailed 15–9 at the end of the first quarter and 23–21 at the intermission. However the Blue and Gold came back strong in the third period and held a 35–32 margin as the fourth frame began. The last quarter was captured by the Redskins by a 12–11 count and the final score stood 47–43.

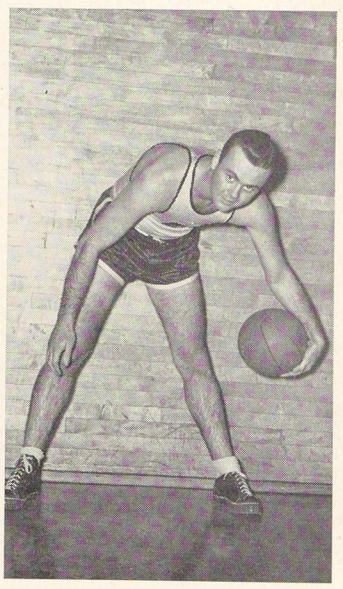
Ken Grote



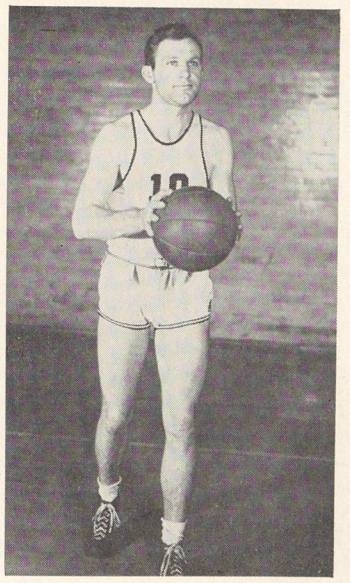
"Fuzz" Eisenhart



Bill Norris



Ray Clapperton



A hard fighting St. Francis five came from behind with a second half rally to down the Indians 46–41 at the Jaffa Mosque in Altoona before a crowd of 3500. In a game which saw the score tied five times and the lead change hands seven times the Red Flashes from Loretto also put on a second half rally to take a lead and then keep the Indians in check till the final whistle.

The Susquehanna quintet nosed out the Blue and Gold 49–48 in a hair raising game on the Huntingdon High gym floor. The final score was not known until about a half hour after the game was over—there were three score keepers and each had a different count. Evan Zlock and Dick Westerveltt proved to be too much for the Snidermen as they accounted for 39 of their team's 49 markers. The score was tied no less than twelve times during the contest and the largest margin either team held was when the Indians led 38–31 toward the end of the third period.

In their poorest showing of the season the Snidermen were smothered 56–32 by the Lebanon Valley cagers. The Indians were never in the game as the Lebanon quintet scored first and held a commanding lead throughout. The Snidermen were only able to accumulate eight counters by half-time and trailed by a 25–8 score. This is the lowest half-time score the Blue and Gold has had for several years and it tells the story of the game.

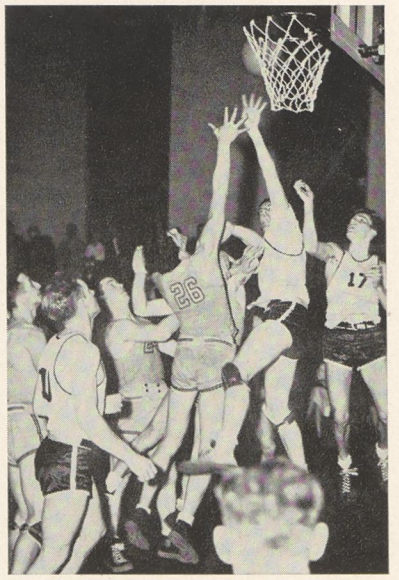
Juniata dropped a rough basketball game to the Susquehanna Crusaders to the tune of 48–33. This victory marked the first time since 1940 that the Susquehanna cagers have made a clean sweep of the annual two game series.

The Juniata quintet ended its season Wednesday, March 5, with a 51–45 victory for the St. Francis cagers. The game was almost an exact duplicate of the one played earlier in Altoona.

Something's cooking!

They know what the score is

Under the basket



TRACK AND TENNIS

With a reasonably successful record of the past year, the track squad faced a longer and tougher schedule for the present season. For the first time since 1942 the men looked forward to dual track meets.

The season's opener was against Dickinson on April 19 just two weeks following spring vacation. The following weekend found the Indians participating in the Penn Relays in Philadelphia. Last year's team composed of Dick Reed, Dick Grote, Bill Peightel, Tom Calhoun, and Clyde Mellinger met mediocre success but this year's team ventured forth with hopes for top posts.

In a triangular meet with Bucknell and Gettysburg at Gettysburg on May 7 the Snidermen faced their stiffest competition of the year. The track and field season concluded at the Middle Atlantic meet at Rutgers University.

The Indians resumed intercollegiate competition in tennis with a varsity team this season after a four-year layoff. A ten-match schedule featuring six opponents faced the net men.

The season opened April 12 with Lebanon Valley at Annville. Following that match the Juniata men played host to five teams on the college courts for the next month. The Indians then journeyed to Carlisle to meet the Dickinsonians. Three more competitive matches completed the schedule.

Warm-ups for the contestants were held in the gym during the traditional inclement weather. The spirit of the Snidermen in practice augured well for the season ahead.

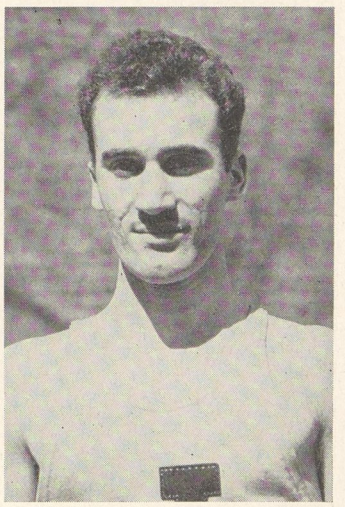
Clyde Mellinger



BASEBALL

Facing a twenty-game schedule, the longest in Juniata College's 43-year intercollegiate competition on the diamond, the Juniata nine began early spring training. William R. Smaltz, former Penn State football passing wizard, succeeded Edgar S. Kiracofe as chief mentor for the season. Dr. Kiracofe coached the boys during the war years but resigned this year because of academic duties.

The schedule included an early spring tour into Virginia to meet Bridgewater College, Randolph-Macon, and Quantico Marines. Randolph-Macon is the lone newcomer of the twelve opponents on the 1947 slate.

The Indians started indoor practice for the battery candidates in March hoping to continue their good diamond record of last year when they won 4 and lost 3 during the spring season and copped four wins without a loss during the summer. About ten pitching and catching prospects were busy at the indoor practice.

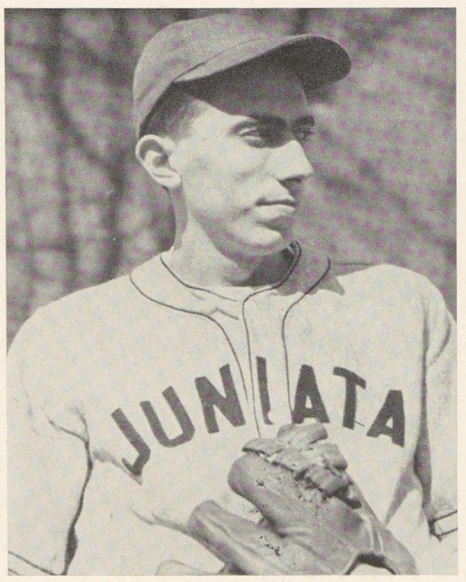
Among those back from last year is Dick Frick, who pitched fine ball and compiled a record of 4 wins and 2 losses during the spring and summer. Frick also pitched for the Warriors before the war. Another hurler who will probably see a lot of action is Bill Sherry, who won his starting assignment last summer. Paul Peoples is also a 1946 squad representative; he is a southpaw.

An addition to this year's outfit is "Squire" Holsinger, another portsider and a letter winner in the 1943 season. Two promising freshmen prospects are Tom Kyper, ex-Huntingdon High Ace, and Jim Reifer, Woodward Township, both right-handers. Missing from this year's team is Captain Herb Frye,

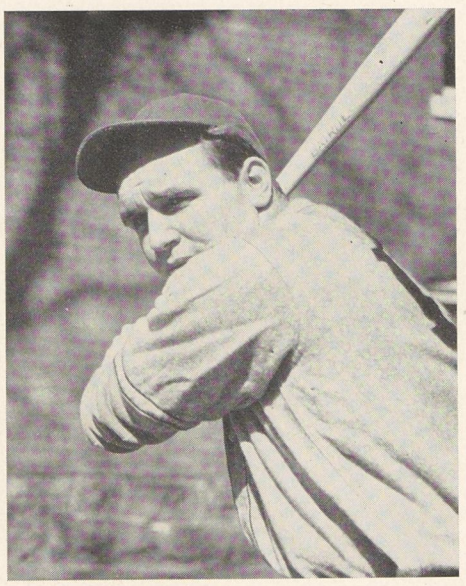
"Best of luck" Don Everhart '47

Don Everhart

Dick Frick



James Kauffman



a 1946 graduate, who won 3 games last season. Don Everhart, who bore the brunt of the catching duties last year, has been handling the slants of the mound prospects.

Bad weather up to the end of March meant that only the battery contenders got much early practice. The remaining candidates were forced to await a break in the weather.

Competition was keen from the start this year and although there were not many vacancies created by last year's graduation, nobody could be sure of his position until the umpire cried "Play Ball."

The schedule of games for this spring was:

March	31	Away	Bridgewater	May	3	Away	Bucknell
April	2	Away	Randolph–Macon	May	7	Home	Susquehanna
April	3	Away	Quantico Marines	May	10	Away	Dickinson
April	12	Away	Lebanon Valley	May	13	Away	Elizabethtown
April	19	Home	Elizabethtown	May	14	Away	Susquehanna
April	23	Home	Dickinson	May	17	Home	Bridgewater
April	25	Home	Bucknell	May	20	Away	St. Vincent
April	26	Home	Pitt	May	21	Away	Pitt
April	29	Away	Albright	May	24	Home	Ursinus
May	1	Home	Lebanon Valley	May	31	Home	St. Vincent

INTRAMURALS

Intramurals proved an important part of the students' lives this year. With the large enrollment and limited facilities for recreation, the intramural plans worked remarkably well.

Ping-pong tables were available in the rear of Founders Chapel throughout the day and although no competitive tournaments were conducted, the fans had their own contests under way.

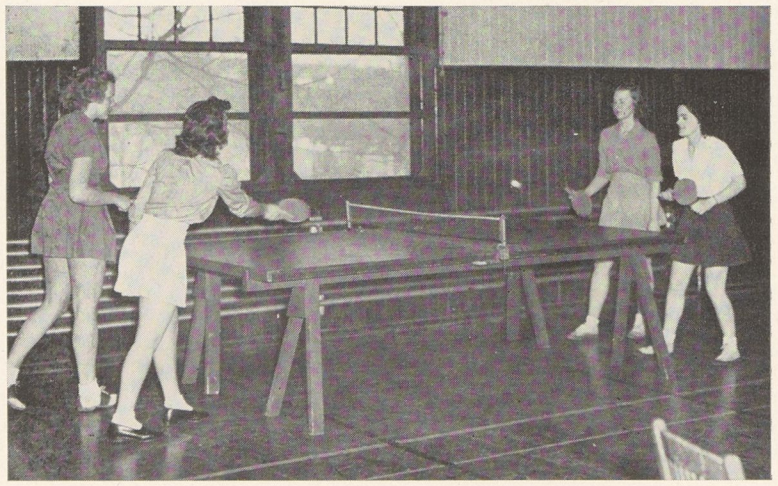
The gym naturally was the center of intramural activity. Last September found the students enjoying paddleball, volleyball, badminton, and ping-pong. Although many veterans inhabited the gym while the Lodge was being finished, the students still managed to find space to enjoy some recreation.

The girls had their fall intramural hockey contest with the climax on Thanksgiving Day. The winter found the girls busy with basketball; the season ended with the Sophomores being victorious. Spring gave the sub-professional mushball enthusiasts an opportunity to have the battles among the classes.

While the varsity football program was in swing, the classes had their own program of touch football. This activity was the main attraction for many weeks. The first cycle ended with the Seniors holding first place after a rather onesided affair. The second cycle brought the Frosh B team to the front in a triangular program involving the Seniors, Juniors, and Frosh B. Among the oddities of the season was the

The feminine touch

Table tennis in the gym

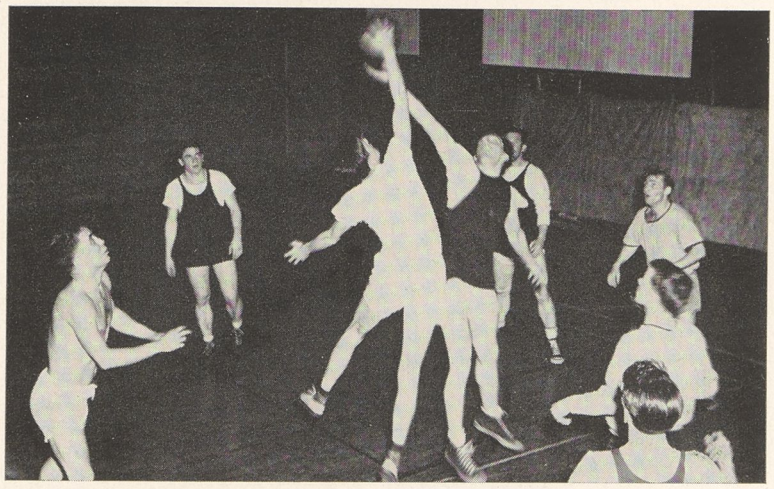


fact that the Ministerium team was the only group to play every game—they were not victorious through a forfeit nor did they lose any game by forfeit. Every other team suffered loss through forfeit.

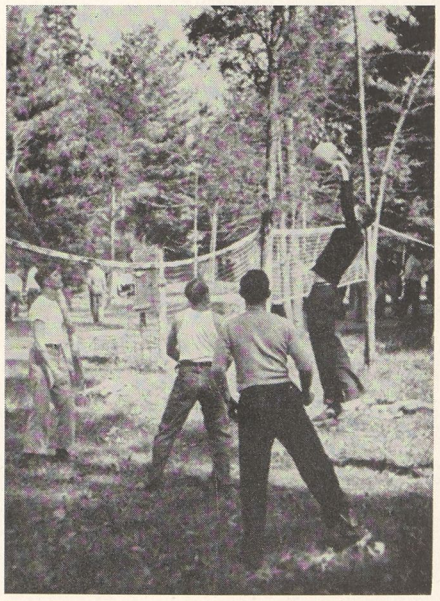
Following the spirited football contests, the athletes moved inside for a lively season of intramural basketball games. Nine teams competed for the championship title including several class teams from the Freshmen. The opening games were played on December 6 and the series lasted until March 14 when the Spare Parts completed the season with an unbeaten record. The nine team managers chose an Intramural Loop All Star Combination featuring Dan Restuccia, Jim Weist, Dalton Blough, Jim Park, and Dick Stever on the first team.

The spring found the intramural events turning to tennis, track and field meets, and mushball. With the winter weather holding sway so long, the events did not get into swing until the latter part of April. The long evenings found many of the events being played following dinner since the athletic field was being used in the afternoon by the varsity track and baseball teams.

Action in an intramural battle



Up and over!



WOMEN'S ATHLETICS

Athletics for the women students this year were directed through the Women's Athletic Association. In the fall the different classes had spirited hockey contests in Sherwood every afternoon. Then the snow brought basketball, skiing, ice skating, and sledding to the front.

Freshman girls became acclimated to the fun and frolic of the women athletes as they assembled each week to enjoy their organized gym periods. Soon the outstanding players of the class found their positions in the intramural events sponsored by the W.A.A.

This year the W.A.A. provided the equipment for the sports and tried to have every girl participate in some activity. The members of the organization revised the rules so that only those athletic girls who proved themselves dependable in all activities could attain membership. The point system used to determine eligibility for membership was adjusted so that the participants found it necessary to engage in two major and one minor sport throughout the year to retain membership status.

Last spring twenty girls were awarded letters for good all-round sportsmanship. This group of girls was chosen by the Athletic Council who considered ability, coöperation and other such traits.

The Council also granted the permission of giving small charm awards to the winning team of each major sport. This aided greatly in promoting class spirit.

Inspiration plus!

Girls from all classes entered enthusiastically into hockey in the fall. On Homecoming, the Freshman and Sophomore girls clashed in the traditional hockey game. The Freshmen put up a good fight on the muddy field, but were trounced by the Sophomores who gained a 5–0 victory. The traditional Army–Navy hockey game was played on November 27 although playing proved difficult because of the extremely muddy field. The Army held the Navy 1–0 at the half, but the Navy proved to be the stronger team and managed a 3–0 victory.

When the weather became too cold for hockey, the girls swarmed into the gym and the basketball sea-

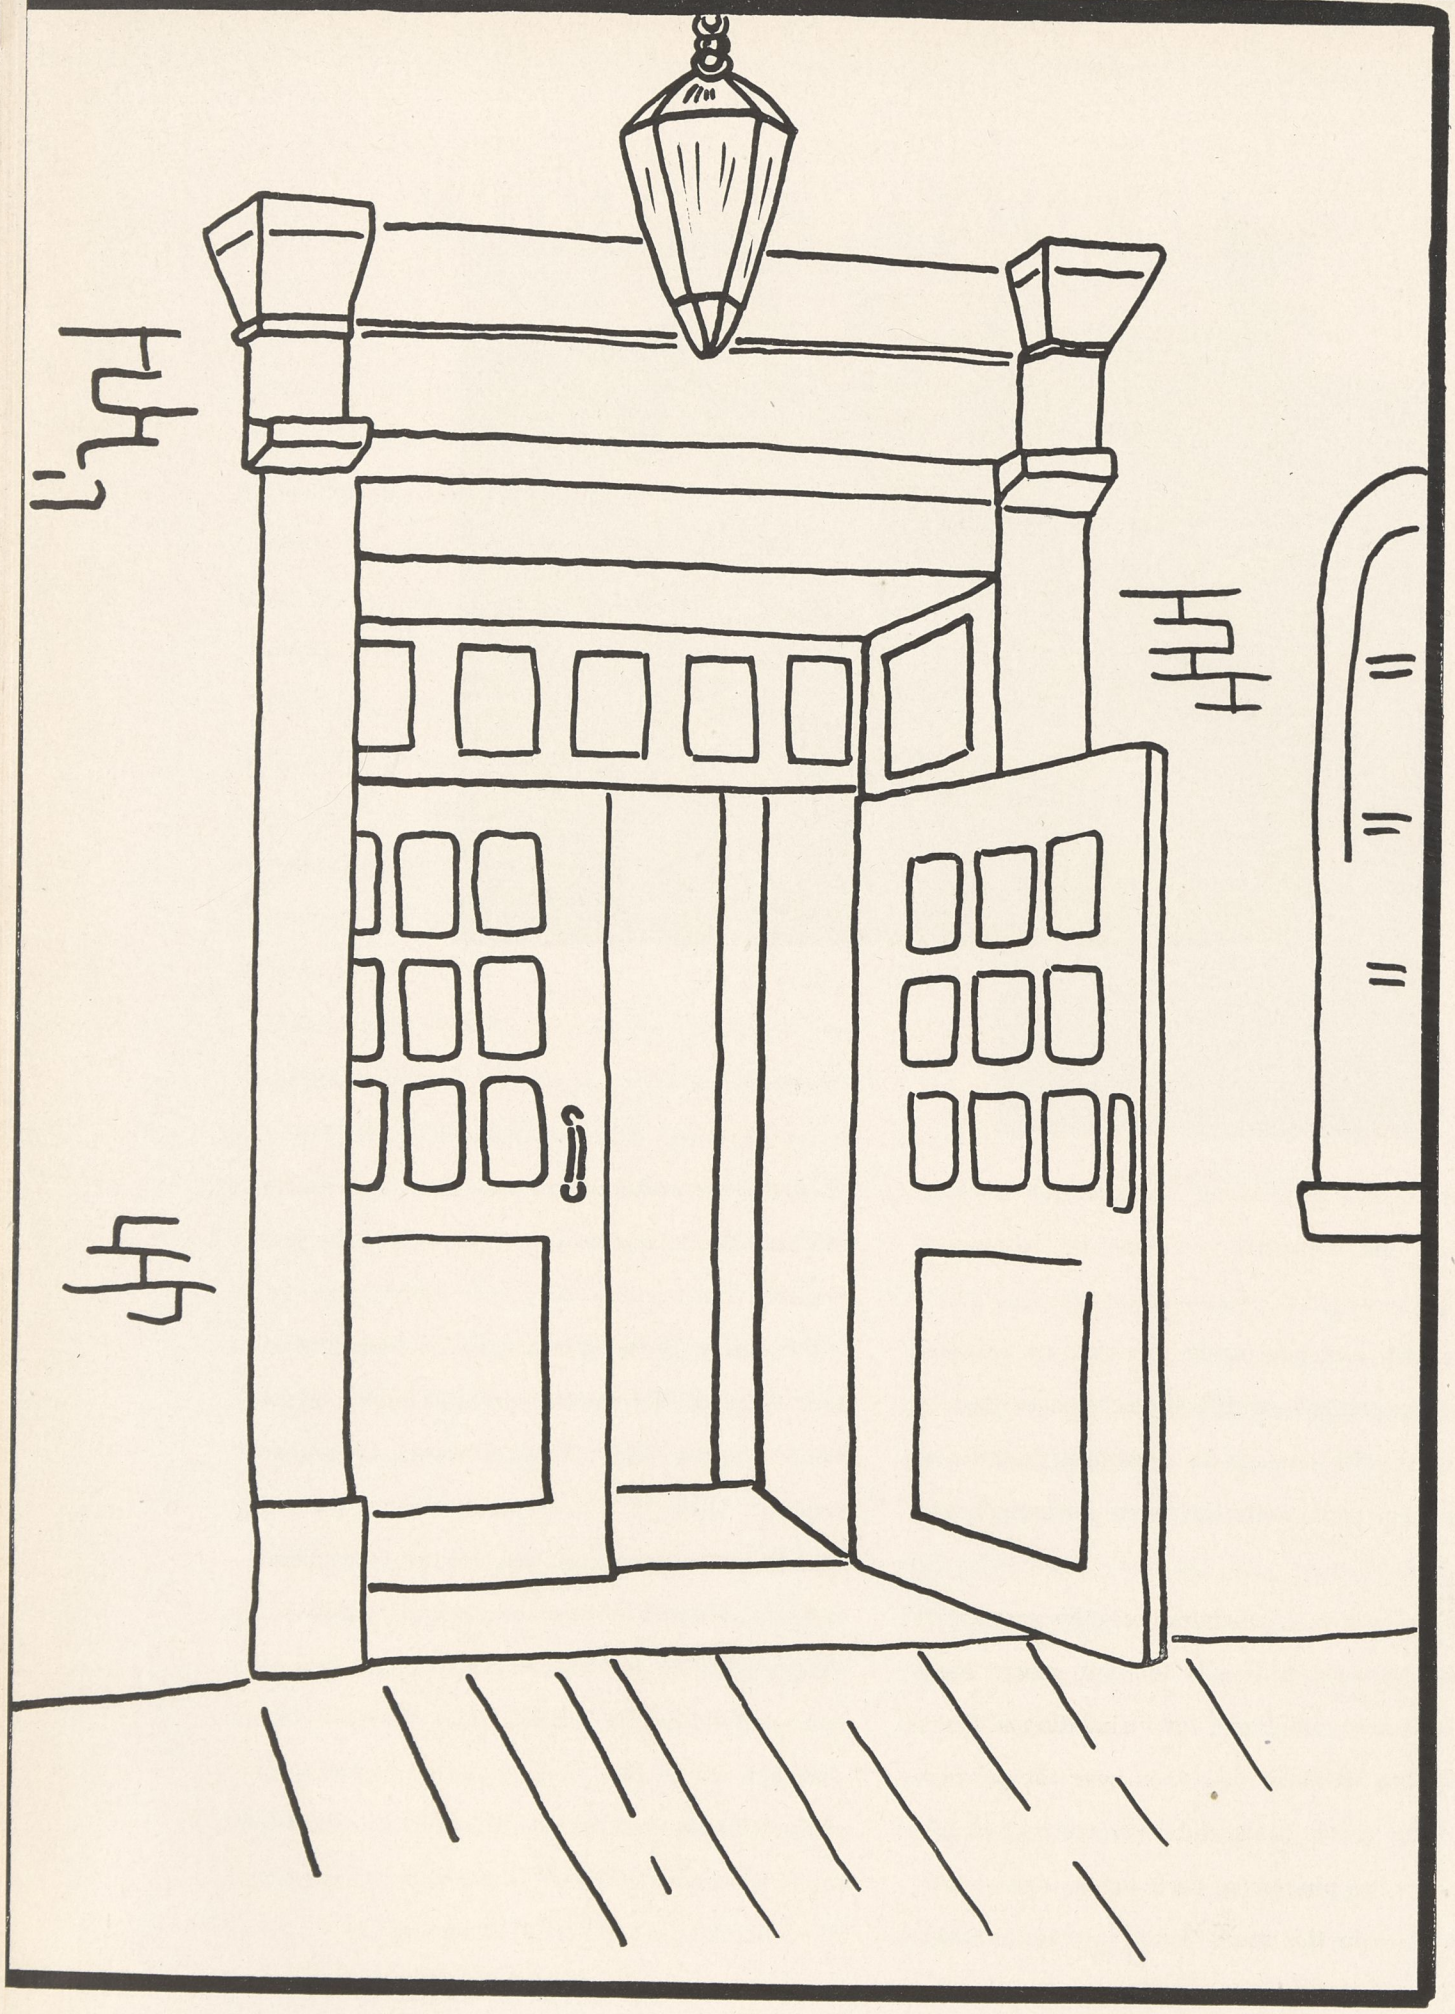
The W. A. A.

son began. The gymnasium was open each week on Tuesday and Thursday evenings for intramural games.

Play Day was held again this year on campus. Girls from several other colleges were invited to participate with Juniata in a planned program of sports; the main activities were basketball and volleyball.

One of the W.A.A.'s main projects this year was to plan for the redecoration of the club room. Plans were for a new ceiling and the installation of florescent lights. Members shall then have the privilege of bringing friends to the club room and engaging in such sports as ping-pong, deck tennis, and shuffleboard. Also in this room there is a coke machine which is a concession of the club. The club is looking forward to a better girls' sports program in the years to come.

The officers of the year are Vivian Souder, president; Frances Newcomer, secretary; Melva Fleishman, treasurer and Nory Edwards, intramural manager. Other W.A.A. members who are active in organizing the events of the club are the cabinet members, Patricia Gribben representing basketball, Marjorie Muller for hockey, Mary Louise Cannon interested in the girls' softball teams, Florence Cobb, chairman of the Play Day, and Inez Lovelass, organizer of volleyball teams. Much of the success of the club is due to the efforts of the Women's Physical Education Instructor, Mrs. William Smaltz.



The Year . . .

Spent in diverse activities—
studying, playing, working, singing.
Together we have met innumerable
pleasures and a few discouragements.
We have seen the rise of a new spirit
and have watched old shadows disappear.

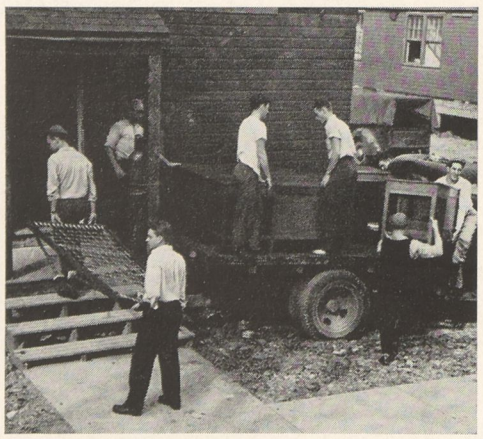
The Year

THE YEAR

At Leadership Conference

The great migration

Into the Lodge



SEPTEMBER . . .

Forty students assemble at Camp Kanesatake for Leadership Conference the week-end before the official opening of school.

Eighteen new faculty members greet the all-time record enrollment of 571. September 27 is the date of the faculty reception, held in the library.

New dining hall regulations find students eating at 11:30 and 5:30 or 12:30 and 6:30.

Juniatians are x-rayed in a state-conducted tuberculosis survey.

OCTOBER . . .

Mountain Day is celebrated at Colerain Park at Spruce Creek.

Women's House holds firelighting rite in the Social Rooms.

A Cappella Choir of thirty-six members start work on concert program.

Juniata plays first football game at Farrell against the Westminster Titans. Score—6–6.

Parents' Day finds large enthusiastic crowd enjoying the first home football game since 1942. Albright takes the game 19–2.

Eighty-six veterans move to new location in Sherwood Lodge. The cots and "study rooms" of the gym floor have been removed and athletic events are in session.

Seniors entertain the college society with a Southern Plantation Party.

AT JUNIATA

Juniata College Band is organized for the first time since pre-war days. Professor Scholl directs 45 student members.

Students receive cash awards for prize-winning rooms in the open house contest.

Masque chooses "Kind Lady" for dramatic production of the first semester, with Dorothy Belz in title role.

For the first time since 1942, the "J" Club issues programs for the home football games.

Sadie Hawkins' Day celebrated by the J.C. Coeds. Climax of the day is the Square Dance in the gym in the evening. Daisy Mae and Little Abner are married!!

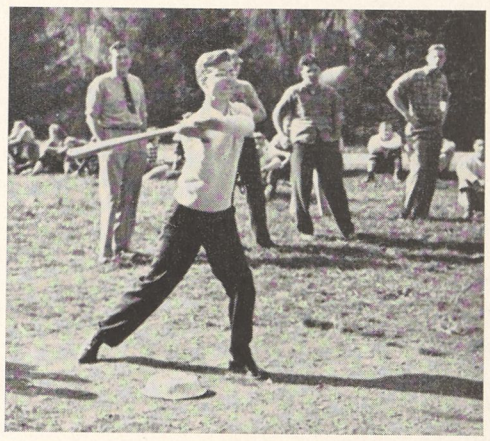
Homecoming—Dedication of "The Village," football game with Susquehanna University, concert by the Curtis String Quartet.

Senate conducts poll to determine the students' opinions on compulsory church attendance. Poll shows disapproval of student body. Senate Committee discusses the situation with a Trustee Committee—no action taken upon the subject.

William Henry Chamberlain, author and foreign correspondent speaks in Oller Hall to students, faculty, and townspeople on "Russia is our Problem."

YMCA conducts campaign for members and program organization for the year. First appearance of "festivities."

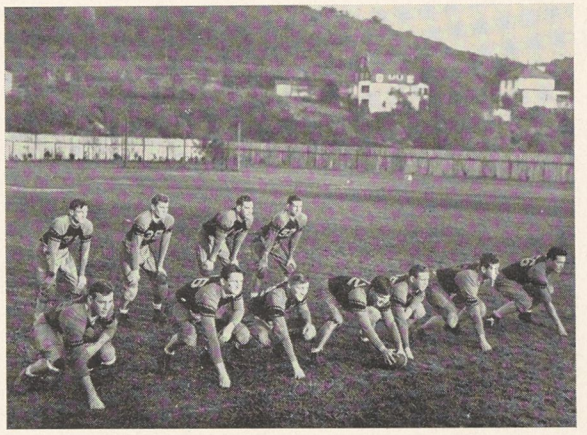
Mountain Day—Time out to eat



What's your batting average?

Anything for the cause

The life of a Freshman



Lineup at Homecoming

There's more than one way

Juniata representatives attend the Area Five Conference of the Student Christian Movement, Middle Atlantic Region, held at the recreation center of Bucknell Christian Association at Cowan, Pa.

IRC leads lively discussion on the United Nations. Margaret Roop, Richard Christie, and Otis Jefferson take part.

NOVEMBER . . .

Student Political Education Committee conducts mock national election. The Republicans sweep the campus as they did the nation.

Junior Class entertains the school with Grecian party.

Sophs defeat Frosh in annual hockey fray. Score—5–0.

Professor Wilson of the Economics Department edits a new dictionary of economic terms.

Donald Dame, buffo tenor, appears in the first Huntingdon Coöperative Concert of the season. Mr. Dame is the star performer of the Sunday evening radio program, the American Album of Familiar Music.

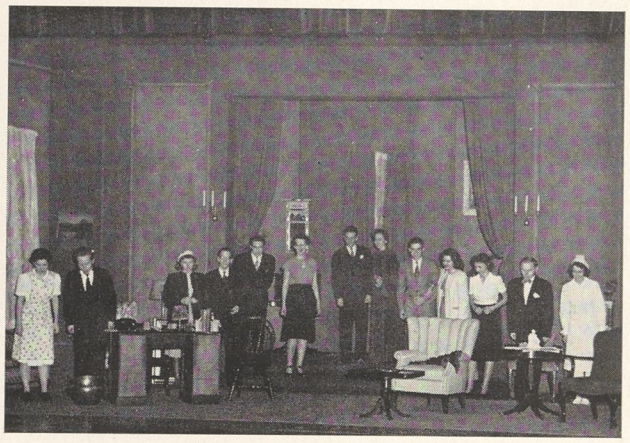
Huntingdon County sets goal of $100,000 to support Juniata's postwar fund.

Sophomores present "Jive Session" at party for school.

JWSF drive launched November 20 with Eugene Ankeny as head.

Twelve Juniata students honored in "Who's Who Among Students in American Universities and Colleges."

Villain and heroine



Curtain call for "Kind Lady"

A voice and a personality

Skip's Inn celebrates 22 years of service to college students and community.

Alfred University of New York State defeats Juniata 27–0.

West End and Center Union of Huntingdon as well as Juniata are plunged into total darkness when two lightning arrestors break down. Students prepare for nine-week exams by light of candles.

Juniata honors her World War II dead in a brief Armistice Day service.

Lebanon Valley defeats Juniata 19–0 in the fourth straight setback of the season.

The Masque presents "Kind Lady"—a great success.

DECEMBER . . .

YWCA uses "An American Christmas" as program theme for Christmas Bazaar.

Masque and Chapel Choir unite to present Pageant of the Holy Nativity in Oller Hall.

Alberta Glasgow gives Senior Organ recital.

Six Juniata students journey to McPherson, Kansas, to attend Brethren Student Conference.

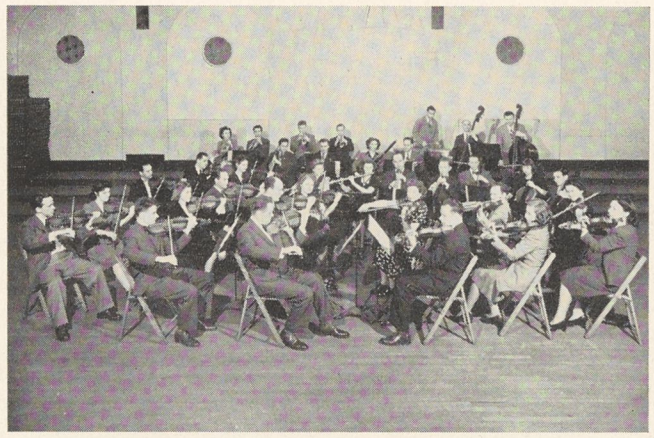
College Orchestra presents concert in Oller Hall December 19.

Dr. C. C. Ellis reads Dicken's "Christmas Carol" in College Social Rooms following Christmas Banquet.

Dr. Homer Will's Nature of Science Class visits Lincoln Caverns for geological study.

The Freshmen "expose" dorm life

Appleton and Field—
a gracious duo



The Busch Symphony—a concert to remember

Gettysburg defeats Juniata 39–38 in hair-raising game. Juniata Indians wallop Bethany—82–72.

Juniatians join in morning caroling Saturday, December 21.

JANUARY . . .

Women's House entertains with exam teas.

Lois Easley and Richard Burton win leads in casting of "As You Like It."

Eleven graduates received degrees on January 27.

Three new professors joined Juniata faculty.

Juniata enrollment hits all time high of 600.

FEBRUARY . . .

Choir begins Western tour first week of new semester. Trip takes the A Cappella Choirists as far as Pittsburgh.

Spiritual Emphasis Week led by the Rev. Harper S. Will. Seminars featured during the week.

Frosh entertain with the drama, "Expose."

Rev. John C. Middlekauff announced as the new Stone Church minister beginning July 1.

President and Mrs. Ellis entertain the faculty at Helfrick's "Inn the Pines" at Allenville, Pa.

Appleton and Field present a Duo-Piano Concert in Oller Hall.

YWCA sponsors Heart Sister Week. Event closed with a Mexican fiesta in the Faculty Club.

The Juniata Chapel Choir presents a secular program of comic opera selections to the American Association of University Women.

Lambda Gamma holds first Coffee Shoppe of the year.

"As You Like It"

"'Twas a lover and his lass . . ."

High brows in low gear

First rehearsal for the oratorio "Messiah" is held February 24.

The Juniatian sponsors campaign to purchase a heifer for the war-torn farms of Europe.

"As You Like It" presented to a large and very appreciative audience.

MARCH . . .

Huntingdon's own broadcasting station, WHUN, has its initial broadcast March 2. President Ellis and the A Cappella Choir participate in the inaugural services.

Senate makes nominations for the 1947–48 Senate.

The History Staff of the college announces the Stackpole Prize which will be awarded to the student who makes the most important contribution to the history of the Juniata Valley.

Faculty plays host to the college community with variety show.

Classes elect May Queen and class attendants.

Walter Baker, a Philadelphia organist, presents an organ recital March 16.

All-Class-Night Skits compete for the silver cup. The Juniors are victorious with a United Nations show.

Dan Sell is elected president of the 1947–48 Senate in a run-off election.

Heifer Fund exceeds goal: $233.20 was contributed during the three weeks of the drive.

New classroom building ready for use March 26.

College community is almost overpowered by "flu." College infirmary filled during last week of March.

APRIL . . .

College-sponsored radio show on WHUN every Wednesday night for a half-hour.

YWCA holds traditional formal banquet in the college dining hall. YMCA members are waiters.

Move-Up Day program inaugurates the 1947–48 Senate and awards athletic letters to eligible men and women.

Seniors take comprehensive exams in their major fields.

MAY . . .

May Day Queen, Mary Louise Griffith, revealed at early breakfast on the first of May.

New Senate presents Sports Day to college society.

Sub-freshmen are entertained by the college for the traditional May Day ceremonies.

Baseball and track and field meets fill the athletic program.

The Masque presents "As You Like It" to the commencement guests.

The A Cappella Choir with its former members as well as the Chapel Choir renders Handel's Messiah as part of the commencement activities.

Ninety Seniors participate in the commencement exercises.

The Editor's Page

We who have prepared this ALFARATA sought to give you a review of a year at Juniata College. It could not be complete, for all the events and personalities that filled this college year could not be contained in a few pages; it may not be all that we hoped it would be, for there were difficulties and limitations that could not be surmounted. We hope, however, that you may find here a lasting and cherished reminder of days spent on College Hill.

I wish also to take this opportunity to thank everyone who participated in the preparation of this volume—to all those at Juniata who lent their aid and encouragement; to Merin-Baliban Studios and to Paul Yoder, photographers; to the Conemaugh Engraving Company, engravers; and to the J. Horace McFarland Company, printer of the ALFARATA. Especially do I wish to express my appreciation to Jack Shuck, our business manager, and to those of the staff who bore most of the burden of this work.

Cornelius F. Strittmatter IV

Thanks for the Green Light . . . .

"Herr Gutenberg"

●

NO DOUBT, Herr Johannes Gutenberg would turn over in his grave if he knew what modern printers were doing with his great invention. For it's safe to assume that in the fifteenth century, Herr Genfleisch (that was his correct name) never dreamed of presses that would print upwards of 40,000 copies per hour, of type that could be re-melted and used again, of machines that would "set" in one hour what he had labored over for days.

But the printing industry, and the world at large, owe a great debt to Johannes Genfleisch, for without the printed word, our world would be a strange place indeed, without widespread education and the other advantages that come with progress. So, thanks again, Herr Gutenberg, for your green light.
